

Welcome to Saugatuck Wilds Nature Preserve

Saugatuck Wilds Nature Preserve is part of the Kalamazoo River Greenway. A *greenway* is a corridor of parks and natural areas that protects water quality, creates connected habitats for wildlife, and provides diverse recreational opportunities for people.

**Part of the
Kalamazoo Watershed**

You are standing in the Kalamazoo River Watershed, which includes all of the land and waterways that drain into the Kalamazoo River. The Kalamazoo River empties into Lake Michigan.

Legend

-  Red Pine Trail • 1 mile
Unpaved trail through pine forest

You Are Here

134th Ave

Silver Creek

Leashed dogs are welcome.
Clean up and pack out any waste.

Be aware of weather conditions.

Stay on trails.
Protect sensitive habitats.

No hunting or trapping.

No horses, bicycles, or motorized traffic.

No littering.

Do not pick plants without permission.
Do not remove, collect, or harass wildlife.

The donations for this project were gifts from the children and grandchildren of a beloved Saugatuck resident, George Supp, to honor the many happy memories enjoyed with him here.
