CITY COUNCIL REGULAR MEETING- *proposed*
July 14, 2025

The City Council met to have a Regular Council Meeting at City Hall.
102 Butler St., Saugatuck, MI 49453.

The meeting was called to order by Mayor Anderson at 6:30 p.m.

Pledge of Allegiance.

Attendance:

Present: Mayor Anderson, Mayor Pro-Tem Stanton, and Councilmembers Clark, Dean, Gardner Muncey, and Peterson.

Absent: None.

Others Present: City Manager Cummins, Clerk Wolters, Engineer Moxey and Attorney Witte.

Mayor's Comments:

Mayor Holly Anderson focused on highlighting community kindness during her opening remarks. She shared two specific examples: a local incident where community members helped rescue ducks from a sewer grate, and a story about Mr. Fox helping ducks cross a road safely. She also mentioned seeing the play "Come From Away" and being moved by its themes of compassion and generosity. Her overall message was to reflect on the kindness that exists in the world, especially during times of global strife, and to encourage people to focus on positive, hopeful moments.

City Manager Comments:

Ryan Cummins expressed gratitude to the council for hosting a staff picnic at Mount Bald Head Pavilion, appreciating the chance for staff and council to connect. He then discussed the Fourth of July weekend, explaining that the parade was canceled due to a storm and volunteer limitations, but commended the Convention and Visitors Bureau for successfully organizing the fireworks display. He emphasized the substantial coordination required with community partners and public safety officials to make the event happen.

Agenda Changes:

Motion by Stanton, second by Gardner to add a special event, the Mt. Baldhead Challenge to item 9i. Via voice vote, motion carried unanimously.

Guest Speakers:

Interurban Director, Becky Carten-Crandell provided a comprehensive update on the Interurban service. In May, which included school being in session, Lake Town Township had 833 riders generating \$5,831 in revenue. Destination stops at Modales, Virtue Cider and Fenn Valley Winery attracted 202 riders and \$1,010 in revenue. The city of Fenn Ville saw \$335 in revenue. In June, with one week of school, Lake Town Township had 1,008 riders and \$7,056 in revenue. Destination stops increased to 215 riders with \$1,505 in revenue, and Fenn Ville generated \$275 in riders. The service raised evening fares from 7 pm to 11 pm to \$3, primarily to cover the \$5 per hour premium paid to drivers working those shifts. This change brought in an additional \$9,700 over the two months. Combined May and June fare revenue increased by 300% to \$25,102. Becky highlighted that bus costs have dramatically increased from \$80,000 to \$160,000. She plans to request a millage increase from 0.5 to 1 mill in 2026, noting they haven't increased their millage in 45 years. The service will celebrate its 45th anniversary with an open house in December or January, showcasing their new additions and remodeled bus garage.

Public Comment on Agenda Item Only: None.

Consent Agenda:

- A. Approval of Workshop Meeting Minutes for July 9, 2025.
- B. Approval of Closed Session Minutes for July 9, 2025.
- C. Delegation of School Plan Review and Inspection Authority.
- D. Revocable License Agreement Regarding Sign in the Right of Way – Brass Anchor.
- E. Revocable License Agreement Regarding Sign in the Right of Way – Beach Day.
- F. Resolution 250714-A – Resolution by the Saugatuck City Council to Amend the Terms of the City Manager Agreement.
- G. Temporary Sign Installation Agreement between City, Township, and Road Commission.
- H. Resolution 250714-B - Local Government Unit Approval for Social District Permit – Noble Twist Taphouse.
- I. Special Event Application – Mt. Baldhead Challenge.

Motion by Muncey, second by Clark to pass the consent agenda as stated on our City Council Meeting, July 14, 2025. Via roll call vote, motion carried unanimously.

Staff Reports, Boards, Commissions & Committees:

The City Manager, Treasurer, Clerk, Director of Planning & Zoning, Department of Public Works, and Engineer submitted status reports on current activities since the last regular council meeting for their respective departments.

Fire District Administration:

City of Saugatuck Fire Board representative Dan Fox provided a detailed report on the Fire District's activities for June. He highlighted 127 incidents for the month, with response times within acceptable ranges. EMS calls comprised the largest share of incidents at 61%, concentrated primarily in downtown Douglas and Saugatuck. The calls were categorized by medical priority, with an overall compliance level of 84% with Allegan County medical control standards. Fox noted 55 total transports, which are the primary revenue stream for their emergency services. He discussed the ongoing discussions about potentially providing a subsidy to their service provider, Life EMS, to ensure fair compensation. He also emphasized the busy

Fourth of July weekend, with 20-21 calls over the four-day period. Fox shared statistics about cardiac arrest and motor vehicle incidents, noting significant decreases compared to the previous year. He mentioned the challenges of volunteer safety during events like the parade and suggested potential improvements like magnetic signs for safety vehicles. The report included detailed maps and charts showing incident locations, types of calls, and response times across the fire district.

Interurban Board:

Councilmember Gregory Muncey did not provide a detailed report on the Interurban. Instead, he deferred to Becky Carten-Crandell's earlier presentation, noting that she had already covered everything he would have discussed. He simply thanked Becky for her comprehensive report and for including the Interurban in future discussions about the parking commission committee.

Kalamazoo Lake Sewer & Water Authority:

Councilmember Joe Clark's report was brief. He mentioned an upcoming meeting on July 22nd and noted that a vote to unionize employees at Kal-Lake is scheduled for July 17th. The union approached the employees about unionization, and the vote will include staff but not the manager or director. Clark emphasized the importance of not discussing unionization with employees to avoid any appearance of interference.

Kalamazoo Lake Harbor Authority:

Councilmember Chris Peterson reported on the Kalamazoo Lake Harbor Authority meeting. Key points included:

1. *No Wake Zone:* There was a general agreement not to change or expand the current no wake zone. The board was split, with a consensus that more enforcement is needed.
 2. *Enforcement:* A letter is being drafted to the sheriff and county commissioners about increasing marine enforcement. They might consider using their own funds if necessary.
 3. *Signage:* The group wants to improve signage, particularly around the bridge, to remind boaters to maintain slow speeds.
 4. *Dredging and Water Levels:* Greg Weykamp discussed low water conditions similar to a 2013 report. They're exploring funding options through the Michigan Waterways Commission and considering soil testing.
 5. *Potential Dredging:* The best chance for funding might be through the Superfund site. They're looking into options for addressing sediment buildup.
- The next meeting is scheduled for September.

Zoning Board of Appeals: None.

Historic District Commission:

Councilmember Russ Gardner reported on the Historic District Commission meeting held on July 10th. They reviewed three main items:

1. *145 Grant Street:* Approved a landscaping request.
2. *Pink Patio:* Approved a request to replace windows.
3. *234 Spear Street:* Tabled an application due to concerns about the proposed changes' massing. A special meeting is planned for July 31st to reconsider the application. Gardner noted the house is not considered a contributing structure, unlike other houses on the block.

Additionally, the commission discussed replacing the two historic district signs, which are

original to when the district was established around 1984. The signs are old and not reflective of the district's current pride. Gardner suggested the council would likely support replacing these signs and wants to put this on everyone's radar for future discussion.

Planning Commission:

Councilmember Joe Clark reported on the planning commission's upcoming special meeting. The meeting will focus primarily on master planning goals, with a specific emphasis on developing the first community outreach survey. They plan to drill down on the survey questions.

Parks & Public Works Committee:

Mayor Pro-Tem Stanton noted the next meeting is July 22nd at 10 a.m.

Tri-Community Non-Motorized Trail Study Committee:

Councilmember Scott Dean noted they are setting up a meeting with MDOT to go over the initial tribal feedback and look out for the on-site assessment by the tribe to happen next month.

Water Systems Operations Contract Advisory Committee:

City Manager Ryan Cummins noted they met last month and are still working through the process.

Wildlife Management Committee:

Councilmember Scott Dean reminded all of two dates. Archery season starts October 1, runs through November 14th and from December 1, through January 1, 2026.

Approval of Accounts Payable:

Motion by Stanton, second by Dean to approve the accounts payable in the amount of \$724,570.94. Via roll call vote, motion carried unanimously.

Public Hearing: None.

Unfinished Business: None.

New Business:

City Hall Interior Renovations – Proposal for Needs Study, Conceptual Design, & Structural Evaluation:

Motion by Dean, second by Muncey to approve the proposal from Fleis and VandenBrink for a needs study, conceptual design, and structural evaluation for City Hall interior renovations. Via roll call vote, motion carried unanimously.

Creation of a Parking Improvements Task Force and Request for Proposals for Consulting Support:

Motion by Stanton, second by Clark to create an advisory Parking Improvements Task Force as outlined in the staff memo and issue a request for proposals for consulting services for a parking study and solutions as presented. Via roll call vote, motion carried unanimously.

Public Comment: None.

Closed Session:

Motion by Peterson, supported by Stanton, Motion to move into closed session pursuant to MCL 15.268(d), to consider the purchase or lease of real property. Via roll call vote, motion carried unanimously.

The council entered a closed session at 7:29 p.m.

Motion by Muncey, second by Clark to go into open session. Via roll call vote, motion carried unanimously.

The council entered the open session at 8:06 p.m.

Correspondence: Sherry Tedaldi submitted correspondence to Mayor Anderson relating to ethics.

Council Comments:

Councilmember Peterson enjoyed the council's discussion.

Councilmember Gardner shared that he received numerous positive comments from both residents and visitors regarding the Fourth of July fireworks. He extended his thanks to the Convention and Visitors Bureau for their excellent organization of the holiday events.

Mayor Pro-Tem Stanton expressed her appreciation to April Gundy for her hard work in organizing the Fourth of July events, noting her dedication even as some activities were cancelled due to the weather. She also extended her gratitude to the many volunteers who contributed their time and effort.

Councilmember Dean noted how great the city looks and commended the Department of Public Works and City staff for their ongoing efforts. With increased traffic and a high number of visitors in town, he remarked on the positive energy throughout the community. He also welcomed the new businesses opening this summer. He echoed the

Councilmember Muncey praised the Fourth of July fireworks and commended April Gundy and the Convention and Visitors Bureau for their excellent event coordination. He noted a concern regarding an individual offering a parking spot for \$20 and reminded the public that this is not permitted. He also encouraged everyone to attend Music in the Park, held on Wednesdays.

Councilmember Clark shared that many people commented on how incredible the fireworks display was and thanked the CVB. He praised the Department of Public Works for their outstanding job cleaning up the city, noting that by the next morning, it looked as if nothing had happened. He also extended his sincere thanks to all first responders for their dedication and responsiveness during the busy summer season.

Adjournment:

Motion by Stanton second by Dean to adjourn the meeting. Upon voice vote, motion carried unanimously. Mayor Anderson adjourned at 8:13 p.m.

Respectfully Submitted

Jamie Wolters, City Clerk

City Council Agenda Item Report

FROM: Ryan Cummins - City Manager

MEETING DATE: July 23, 2025

SUBJECT: Allegan County Sheriff's Office Law Enforcement Services Agreement and Presentation

DESCRIPTION:

In 2018, the City started contracting with the Allegan County Sheriff's Office for law enforcement services. The law enforcement services agreement was last updated and approved by the City Council in 2022. Allegan County has submitted the attached letter and updated services agreement for consideration. The changes result in a net increase of \$36,248.92 per year, largely due to recent wage increases for deputies.

The Allegan County Sheriff's Office will be at your workshop meeting to present on their services and answer any questions you may have.

BUDGET ACTION:

It is anticipated that a budget amendment for the increase in expenses will be needed.

LEGAL REVIEW:

Legal has reviewed the updated agreement.

SAMPLE MOTION:

Motion to approve the Allegan County Sheriff's Office Law Enforcement Services Agreement as presented.

Allegan County Administrative Services

County Services Building
3283 122nd Avenue
Allegan MI 49010

June 23, 2025

RE: Updated Schedule A & B and County Law Enforcement Services Agreement

To Whom It May Concern:

Allegan County is pleased to continue to provide enhanced law enforcement services to your jurisdiction on a contractual basis. The County has recently adopted a new cost-share approach. Previously, the local was charged 75% of all costs (Schedule A and B costs) and the County contributed 25%. Many participants found the cost itemization confusing and in the past few years the allocation difficult for grant administration. An analysis of past and current costs demonstrated that some equipment costs were not being included. Overall we found that charging the local unit for all personnel cost and having the County cover all other cost would remain generally aligned with the cost-share and would be much simpler for all parties. We have removed Schedule B. Schedule A now demonstrates the local unit paying 100% of wages and fringes, with the County paying 100% of all additional expenses, i.e. training, deputy liability, equipment, vehicles, supervision, administrative services, and other miscellaneous expenses, consistent with what the County and the Sheriff provide its non-contracted road patrol deputy positions. This will also enable schools with School Resource Offices to maximize grant reimbursement.

The agreements have all been updated to reflect how vehicles are provided and payments occur. The base agreement continues to have consistent language for all municipal participants. School Resource Officer (SRO) agreements have different language and include overtime and holiday pay itemized to meet grant requirements. However, the SRO agreements are consistent for each school. Only schedule A will be customized for participants based on the number of deputies requested.

Additionally, after three and half years of maintaining a level rate limited to an annual 3% increase, it is necessary to update the monthly charge for this service, effective July 1, 2025. As services are billed in arrears, the new rate will first be seen on the invoice that is issued in early August. A new Schedule A is enclosed for your records. Future Schedules shall reflect the County's budgeted cost for contract positions, and 2026 and 2027 shall not exceed an annual 6% increase. Please do not hesitate to contact my office at (269) 686-5235 with specific questions or concerns regarding this Schedule A.

Enclosed for your consideration is the updated Law Enforcement Services Agreement. Please sign and return to administration@allegancounty.org by September 30, 2025. If you should have any contractual language questions, feel free to contact the County Administrator's Office at (269) 673-0239.

On behalf of the County, I thank you for your attention to these items.

Sincerely,

Dan Wedge

Contract #1482-25 - City of Saugatuck

Allegan County Sheriff's Office Law Enforcement Services Agreement

This Agreement ("Agreement") is made by and between City of Saugatuck, P.O. Box 86, Saugatuck, MI 49453, (the "Entity"), the County of Allegan, 3283 – 122nd Avenue, Allegan, MI 49010 (the "County") and the Sheriff of Allegan County, 640 River Road, Allegan, MI 49010 (the "Sheriff") with reference to the following facts and circumstances.

The Sheriff is the chief law enforcement officer of the Allegan County Sheriff's Office (the "Sheriff's Office"); and

The Sheriff and the County, through the Sheriff's Office, provide road patrol and general law enforcement services throughout the County, including the entity (outlined in Section 1); and

The Entity wishes to purchase additional road patrol and general law enforcement services from the County and the Sheriff (outlined in Section 4); and

The parties agree as follows:

1. General Agreement

Subject to all the terms and provisions of this Agreement, the Entity, the County and the Sheriff agree that the County and the Sheriff shall, as independent contractors, provide additional road patrol and general law enforcement services (sometimes referred to collectively herein as "law enforcement services") to the Entity.

2. Facilities, Supplies and Equipment

The Entity shall not be obligated to provide supplies or equipment to the County or the Sheriff relative to the additional road patrol and general law enforcement services rendered to the Entity pursuant to this Agreement except any items identified hereafter in the contract.

3. Independent Contractor

In the performance of all work, duties and obligations pursuant to this Agreement, it is mutually understood and agreed that the County and the Sheriff are, and shall at all times be, acting and performing as independent contractors. The Entity shall neither have, nor exercise, any control or direction over the methods by which the County and the Sheriff perform the work outlined in this Agreement.

The law enforcement officers rendering services to the Entity on behalf of the County and Sheriff pursuant to this Agreement shall be employees of the County and the Sheriff and, as such, the County and the Sheriff shall:

- A. Pay, or cause to be paid, all compensation and fringe benefits of such law enforcement officers;
- B. Withhold, or cause to be withheld, all applicable federal, state and local taxes, including without limitations FICA;

- C. Make, or cause to be made, any and all required payments relating to such law enforcement officers, including any unemployment compensation fund payments;
- D. Maintain, or cause to be maintained, worker's compensation fund insurance as required under Michigan law; and
- E. Pay, or cause to be paid, required costs of continuing or additional education or training to maintain law enforcement officer licensing or certification as required by the Michigan Commission on Law Enforcement Standards.

The County and the Sheriff agree that the law enforcement officers rendering services to the Entity on behalf of the County and the Sheriff pursuant to this Agreement are not employees of the Entity, and accordingly are not eligible to participate in any fringe benefit program, receive any sickness or health insurance benefits, or receive any pension or similar benefits accorded employees of the Entity.

4. Personnel

All persons who provide law enforcement services to the Entity on behalf of the County and the Sheriff pursuant to this Agreement shall be and remain at all times duly qualified and shall also be certified in good standing as required by Michigan Law. Further, all such persons shall be knowledgeable of and able to enforce all applicable State and local ordinances.

The Entity is contracting for the number of law enforcement service position(s) specified in Schedule A. Unless the necessary number of positions are contracted for, the contracted service will not provide 24-hours-a-day, seven-days-a-week coverage. Each contracted position shall maintain a normal schedule consistent with the practices of the Sheriff's Office. In general, the normal schedule for law enforcement officers on road patrol is currently a 14-day tour of duty that averages 84 hours. The normal schedule includes, but is not limited to, work time and time on paid time off or other leave, holidays, training, meetings, call-ins and court appearances. The Entity is responsible for payment for the entire normal schedule consistent with the payment section of this Agreement and the County and the Sheriff are not responsible for providing personnel to "backfill" services during times of leave or other non-work hours unless requested by, and at the sole expense of, the Entity consistent with Section 13 of this Agreement.

Contracted law enforcement service position(s) shall be in addition to the road patrol and general law enforcement services already provided by the Sheriff and the County to the Entity pursuant to their discretion under applicable law. However, contracted position(s) shall also be considered a component of the County-wide road patrol and law enforcement services.

The Entity shall work with the Sheriff's designee to determine the appropriate schedule for services and to identify priorities that may exist for the delivery of law enforcement services. Nothing in this Agreement is intended to supersede or limit the Sheriff's constitutional and statutory rights, powers and/or authority.

5. General Calls for Service

The Entity agrees that, commensurate with the County-funded portion of the contracted law enforcement services, the contracted position(s) shall respond to calls for service in the County outside the Entity's geographic area. At any time, if the Sheriff's Office determines that there are no other available law enforcement personnel who can promptly respond to an emergent call, the

Sheriff's Office may direct a law enforcement officer providing law enforcement services pursuant to this Agreement to respond to such calls for service.

6. Indemnification

The Entity agrees to defend, indemnify and hold the County, the Allegan County Sheriff, and their employees, agents and assigns harmless from and against all claims, damages, fines, judgments, penalties, costs, liabilities or losses, including, without limitation, reasonable actual attorney fees, arising out of the acts or omissions (including negligence) of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the County, the Sheriff, or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the County, the Sheriff, or its employees.

The County agrees to defend, indemnify and hold the Entity and their employees, agents and assigns harmless from and against all claims, damages, fines, judgments, penalties, costs, liabilities or losses, including, without limitation, reasonable actual attorney fees, arising out of the acts or omissions (including negligence) of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the Entity or its employees.

7. Insurance

During the term of this Agreement, the parties shall maintain the insurances as outlined below and provide proof of certificate prior to performance of any services under this Agreement.

- A. Commercial General Liability Insurance: The County and the Entity shall procure and maintain during the life of this contract, Commercial General Liability Insurance on an "Occurrence Basis" with limits of liability not less than \$1,000,000 per occurrence and/or aggregate combined single limit, Personal Injury, Bodily Injury, and Property Damage. Coverage shall include the following extensions: (A) Contractual Liability; (B) Products and Completed Operations; (C) Independent Contractors Coverage; (D) Broad Form General Liability Extensions or equivalent; (E) Deletion of all Explosion, Collapse, and Underground (XCU) Exclusions, if applicable.
- B. Motor Vehicle Liability: The County shall procure and maintain during the life of this contract Motor Vehicle Liability Insurance, including Michigan No-Fault Coverages, with limits of liability of not less than \$1,000,000 per occurrence combined single limit, Bodily Injury and Property Damage. Coverage shall include all owned vehicles, all non-owned vehicles, and all hired vehicles. The County of Allegan will provide Motor Vehicle Liability Insurance for all County owned vehicles.
- C. Law Enforcement Liability: The County shall procure and maintain during the life of this contract Law Enforcement Liability Insurance with limits of liability of not less than \$1,000,000 per occurrence.

The Entity may also procure and maintain during the life of this contract Law Enforcement Liability Insurance as the County will not represent the Entity in any dispute. The Entity should seek guidance from its risk provider.

8. Payment

The Entity shall pay 100% of the wages and fringe benefits for each position contracted to render services under this Agreement according to the costs in Schedule A, attached. An updated Schedule A shall be provided to the Entity by October 31 of each year with costs applicable to the next renewal term when said updated Schedule A shall become effective and incorporated into this Agreement. Updated Schedules shall reflect the County's budgeted cost for contracted positions and for 2026 and 2027 shall not exceed an annual 6% increase.

The County shall pay 100% of the cost of training, deputy liability, equipment, vehicles, supervision, administrative services, and other miscellaneous expenses, consistent with what the County and the Sheriff provide its non-contracted road patrol deputy positions.

9. Term

The initial term of this Agreement shall be from July 1, 2025 through December 31, 2025 and, unless terminated in accordance with Section 10 or 11, shall automatically renew on January 1 of each year for successive one-year terms.

10. Termination by Notice or Mutual Agreement

The County, the Sheriff or the Entity, without cause may terminate this Agreement, at any time, upon ninety (90) days prior written notice to the other parties. In addition, this Agreement may be terminated at any time by the parties hereto on mutual agreement.

11. Termination for Cause

This Agreement may be terminated by the County, the Sheriff, or the Entity, upon thirty (30) days prior written notice to the other parties, in the event one or both of the non-terminating parties fail or refuse to perform any of their duties and responsibilities under this Agreement. However, in the event a failure to perform can be remedied within thirty (30) days after such notice is given, such notice shall be null and void if the failure is in fact remedied within such thirty (30) day period.

12. Effect of Termination

Upon termination or expiration of this Agreement, as provided above, the parties hereto shall have no further obligation hereunder except for obligations occurring prior to the effective date of the termination or expiration. Notwithstanding the foregoing, the County, the Sheriff and the Entity shall be obligated to cooperate with each other whenever any claim is filed against any of them with respect to the services rendered pursuant to this Agreement. All equipment belonging to the County shall revert to the County's possession.

13. Miscellaneous

- A. This Agreement and all rights and obligations hereunder shall be non-assignable unless all parties agree in writing to such assignment. This Agreement shall inure to the benefits of and be binding upon the parties hereto and their respective permitted assignees and successors.

- B. All notices and other documents to be served or transmitted hereunder shall be in writing and addressed to the respective parties hereto at the addresses stated on Page 1 of this Agreement or such other address or addresses as shall be specified by the parties hereto from time to time; further, such notices and documents may be served or transmitted in person or by ordinary or certified mail documents properly addressed with sufficient postage.
- C. This Agreement has been executed in the State of Michigan and shall be governed by Michigan Law. The parties agree that the proper forum and venue for litigation arising out of the Agreement is in Allegan County, Michigan.
- D. The waiver by any party hereto of a breach or violation of any provision of this Agreement shall not be waiver of any subsequent breach or violation of the same or any other provision of this Agreement.
- E. If any section or provision of this Agreement is unenforceable for any reason, the unenforceability thereof shall not impair the remainder of this Agreement, executed in multiple counterparts, all of which together shall be deemed to be one contract.
- F. This Agreement shall not be changed, modified or discharged orally, but only in a written document, signed by the parties, against whom enforcement of the change, modification or discharge is sought. Any exhibits now or hereafter attached hereto are incorporated by reference as though fully stated herein.

14. Additional Contracted Hours

The Entity reserves the right to utilize additional contracted hours, as needed and as agreed to by the Entity and the Sheriff. It is agreed that overtime and any other related expenses generated to serve the Entity for special events that occur outside of the normal course of law enforcement activity shall be fully paid for by the Entity. Such additional expenses relating to overtime will be included on the invoice issued by the County during the billing cycle immediately following the accrual of the overtime.

15. Definition

Whenever in this Agreement there is a reference to the employees of the County and / or the Sheriff, such reference shall be deemed to also include all agents and independent contractors thereof.

16. Vehicle

The County hereby agrees to provide a pursuit rated patrol vehicle(s), the suitability of which shall be subject to the approval of the Allegan County Sheriff, for use by the contracted law enforcement officer(s). The County shall provide the standard Sheriff graphics for the vehicle, including local unit identification on the side rear windows.

The number of vehicles provided shall be commensurate with the number of contracted positions and their normal work schedules consistent with the practices of the Sheriff's Office.

Contracted law enforcement officers may only drive County provided vehicles while providing services under this Agreement.

17. Entire Agreement

This Agreement represents the entire understandings and agreements between the parties hereto, and terminates and supersedes any prior agreements the Parties may have had concerning contracted law enforcement personnel and associated vehicles. The Parties hereby cause this Agreement to be executed by their duly authorized representatives.

Allegan County Sheriff

Robert J. Sarro

Allegan County Administrator

Contract #1482-25 - <Insert Entity Name>

Allegan County Sheriff's Office Law Enforcement Services Agreement

This Agreement ("Agreement") is made by and between <Insert Entity Name>, <Insert Entity Address>, (the "Entity"), the County of Allegan, 3283 – 122nd Avenue, Allegan, MI 49010 (the "County") and the Sheriff of Allegan County, 640 River Road, Allegan, MI 49010 (the "Sheriff") with reference to the following facts and circumstances.

The Sheriff is the chief law enforcement officer of the Allegan County Sheriff's Office (the "Sheriff's Office"); and

The Sheriff and the County, through the Sheriff's Office, provide road patrol and general law enforcement services throughout the County, including the entity (outlined in Section 1); and

The Entity wishes to purchase additional road patrol and general law enforcement services from the County and the Sheriff (outlined in Section 4); and

~~The Entity wishes to use a County vehicle for the purpose of providing additional law enforcement services (outlined in Section 16);~~

Commented [VK1]: All contracted positions will use a vehicle provided by the County.

The parties agree as follows:

1. General Agreement

Subject to all the terms and provisions of this Agreement, the Entity, the County and the Sheriff agree that the County and the Sheriff shall, as independent contractors, provide additional road patrol and general law enforcement services (sometimes referred to collectively herein as "law enforcement services") to the Entity.

2. Facilities, Supplies and Equipment

The Entity shall not be obligated to provide supplies or equipment to the County or the Sheriff relative to the additional road patrol and general law enforcement services rendered to the Entity pursuant to this Agreement except any items identified hereafter in the contract.

3. Independent Contractor

In the performance of all work, duties and obligations pursuant to this Agreement, it is mutually understood and agreed that the County and the Sheriff are, and shall at all times be, acting and performing as independent contractors. The Entity shall neither have, nor exercise, any control or direction over the methods by which the County and the Sheriff perform the work outlined in this Agreement.

The law enforcement officers rendering services to the Entity on behalf of the County and Sheriff pursuant to this Agreement shall be employees of the County and the Sheriff and, as such, the County and the Sheriff shall:

- A. Pay, or cause to be paid, all compensation and fringe benefits of such law enforcement officers;

- B. Withhold, or cause to be withheld, all applicable federal, state and local taxes, including without limitations FICA;
- C. Make, or cause to be made, any and all required payments relating to such law enforcement officers, including any unemployment compensation fund payments;
- D. Maintain, or cause to be maintained, worker's compensation fund insurance as required under Michigan law; and
- E. Pay, or cause to be paid, required costs of continuing or additional education or training to maintain law enforcement officer licensing or certification as required by the Michigan Commission on Law Enforcement Standards.

The County and the Sheriff agree that the law enforcement officers rendering services to the Entity on behalf of the County and the Sheriff pursuant to this Agreement are not employees of the Entity, and accordingly are not eligible to participate in any fringe benefit program, receive any sickness or health insurance benefits, or receive any pension or similar benefits accorded employees of the Entity.

4. Personnel

All persons who provide law enforcement services to the Entity on behalf of the County and the Sheriff pursuant to this Agreement shall be and remain at all times duly qualified and shall also be certified in good standing as required by Michigan Law. Further, all such persons shall be knowledgeable of and able to enforce all applicable State and local ordinances.

The Entity is contracting for the number of law enforcement service position(s) specified in Schedule A. Unless the necessary number of positions are contracted for, the contracted service will not provide 24-hours-a-day, seven-days-a-week coverage. Each contracted position shall maintain a normal schedule consistent with the practices of the Sheriff's Office. In general, the normal schedule for law enforcement officers on road patrol is currently a 14-day tour of duty that averages 84 hours. The normal schedule includes, but is not limited to, work time and time on paid time off or other leave, holidays, training, meetings, call-ins and court appearances. The Entity is responsible for payment for the entire normal schedule consistent with the payment section of this Agreement and the County and the Sheriff are not responsible for providing personnel to "backfill" services during times of leave or other non-work hours unless requested by, and at the sole expense of, the Entity consistent with Section 13 of this Agreement.

Contracted law enforcement service position(s), ~~to the extent they are paid for by the Entity and do not include any portion funded by the County,~~ shall be in addition to the road patrol and general law enforcement services already provided by the Sheriff and the County to the Entity pursuant to their discretion under applicable law. ~~The County-funded portion of the~~ However, contracted position(s) shall also be considered a component of the County-wide road patrol and law enforcement services.

The Entity shall work with the Sheriff's designee to determine the appropriate schedule for services and to identify priorities that may exist for the delivery of law enforcement services. Nothing in this Agreement is intended to supersede or limit the Sheriff's constitutional and statutory rights, powers and/or authority.

Commented [VK2]: No change to intent or effect. Language modified to reflect new cost sharing arrangement whereby the County is no longer paying for a portion of the contracted position's swages & benefits and is instead paying for all vehicle and other costs related to supporting each contracted position.

5. General Calls for Service

The Entity agrees that, commensurate with the County-funded portion of the contracted ~~positions(s)~~ law enforcement services, the contracted position(s) shall respond to calls for service in the County outside the Entity's geographic area. At any time, if the Sheriff's Office determines that there are no other available law enforcement personnel who can promptly respond to an emergent call, the Sheriff's Office may direct a law enforcement officer providing law enforcement services pursuant to this Agreement to respond to such calls for service.

Commented [VK3]: Same as above.

6. Indemnification

The Entity agrees to defend, indemnify and hold the County, the Allegan County Sheriff, and their employees, agents and assigns harmless from and against all claims, damages, fines, judgments, penalties, costs, liabilities or losses, including, without limitation, reasonable actual attorney fees, arising out of the acts or omissions (including negligence) of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the County, the Sheriff, or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the County, the Sheriff, or its employees.

The County agrees to defend, indemnify and hold the Entity and their employees, agents and assigns harmless from and against all claims, damages, fines, judgments, penalties, costs, liabilities or losses, including, without limitation, reasonable actual attorney fees, arising out of the acts or omissions (including negligence) of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the Entity or its employees, agents, or officers, or arising from or out of the breach by such party of its obligations under this Agreement. Such responsibility shall not be construed as a liability for damage caused by or resulting from the sole negligence of the Entity or its employees.

7. Insurance

During the term of this Agreement, the parties shall maintain the insurances as outlined below and provide proof of certificate prior to performance of any services under this Agreement.

- A. **Commercial General Liability Insurance:** The County and the Entity shall procure and maintain during the life of this contract, Commercial General Liability Insurance on an "Occurrence Basis" with limits of liability not less than \$1,000,000 per occurrence and/or aggregate combined single limit, Personal Injury, Bodily Injury, and Property Damage. Coverage shall include the following extensions: (A) Contractual Liability; (B) Products and Completed Operations; (C) Independent Contractors Coverage; (D) Broad Form General Liability Extensions or equivalent; (E) Deletion of all Explosion, Collapse, and Underground (XCU) Exclusions, if applicable.
- B. **Motor Vehicle Liability:** The County shall procure and maintain during the life of this contract Motor Vehicle Liability Insurance, including Michigan No-Fault Coverages,

with limits of liability of not less than \$1,000,000 per occurrence combined single limit, Bodily Injury and Property Damage. Coverage shall include all owned vehicles, all non-owned vehicles, and all hired vehicles. The County of Allegan will provide Motor Vehicle Liability Insurance for all County owned vehicles.

- C. Law Enforcement Liability: The County shall procure and maintain during the life of this contract Law Enforcement Liability Insurance with limits of liability of not less than \$1,000,000 per occurrence.

The Entity may also procure and maintain during the life of this contract Law Enforcement Liability Insurance as the County will not represent the Entity in any dispute. The Entity should seek guidance from its risk provider.

8. Payment

~~Payment for services rendered under this Agreement shall be governed by Schedule A & B. The Entity shall pay 100% of the wages and fringe benefits for each position contracted to render services under this Agreement according to the costs in Schedule A, attached. An updated Schedule A shall be provided to the Entity by October 31 of each year with costs applicable to the next renewal term when said updated Schedule A shall become effective and incorporated into this Agreement. Updated Schedules shall reflect the County's budgeted cost for contracted positions and for 2026 and 2027 shall not exceed an annual 6% increase.~~

- ~~— which shall be updated and provided to the Entity by October 31 of each year;~~
- ~~— which may be amended following the initial term;~~
- ~~— any change in Schedule A & B after 12/31/2024 shall be provided;~~
- ~~— which includes an annual 3% escalator that is subject to adjustment with advance notice after 12/31/2024.~~

The County shall pay 100% of the cost of training, deputy liability, equipment, vehicles, supervision, administrative services, and other miscellaneous expenses, consistent with what the County and the Sheriff provide its non-contracted road patrol deputy positions.

9. Term

The initial term of this Agreement shall be July 1, 2025 through December 31, 2025 and, unless terminated in accordance with Section 10 or 11, shall automatically renew each year for successive one-year terms.

10. Termination by Notice or Mutual Agreement

The County, the Sheriff or the Entity, without cause may terminate this Agreement, at any time, upon ninety (90) days prior written notice to the other parties. In addition, this Agreement may be terminated at any time by the parties hereto on mutual agreement.

11. Termination for Cause

This Agreement may be terminated by the County, the Sheriff, or the Entity, upon thirty (30) days prior written notice to the other parties, in the event one or both of the non-terminating parties fail or refuse to perform any of their duties and responsibilities under this Agreement. However, in the event a failure to perform can be remedied within thirty (30) days after such

Commented [VK4]: Language modified to reflect new cost sharing arrangement whereby the County is no longer paying for a portion of the contracted position's swages & benefits and is instead paying for all vehicle and other costs related to supporting each contracted position.

Commented [VK5]: New initial term.

notice is given, such notice shall be null and void if the failure is in fact remedied within such thirty (30) day period.

12. Effect of Termination

Upon termination or expiration of this Agreement, as provided above, the parties hereto shall have no further obligation hereunder except for obligations occurring prior to the effective date of the termination or expiration. Notwithstanding the foregoing, the County, the Sheriff and the Entity shall be obligated to cooperate with each other whenever any claim is filed against any of them with respect to the services rendered pursuant to this Agreement. All equipment belonging to the County shall revert to the County's possession.

13. Miscellaneous

- A. This Agreement and all rights and obligations hereunder shall be non-assignable unless all parties agree in writing to such assignment. This Agreement shall inure to the benefits of and be binding upon the parties hereto and their respective permitted assignees and successors.
- B. All notices and other documents to be served or transmitted hereunder shall be in writing and addressed to the respective parties hereto at the addresses stated on Page 1 of this Agreement or such other address or addresses as shall be specified by the parties hereto from time to time; further, such notices and documents may be served or transmitted in person or by ordinary or certified mail documents properly addressed with sufficient postage.
- C. This Agreement has been executed in the State of Michigan and shall be governed by Michigan Law. The parties agree that the proper forum and venue for litigation arising out of the Agreement is in Allegan County, Michigan.
- D. The waiver by any party hereto of a breach or violation of any provision of this Agreement shall not be waiver of any subsequent breach or violation of the same or any other provision of this Agreement.
- E. If any section or provision of this Agreement is unenforceable for any reason, the unenforceability thereof shall not impair the remainder of this Agreement, executed in multiple counterparts, all of which together shall be deemed to be one contract.
- F. This Agreement shall not be changed, modified or discharged orally, but only in a written document, signed by the parties, against whom enforcement of the change, modification or discharge is sought. Any exhibits now or hereafter attached hereto are incorporated by reference as though fully stated herein.

14. Additional Contracted Hours

The Entity reserves the right to utilize additional contracted hours, as needed and as agreed to by the Entity and the Sheriff. It is agreed that overtime and any other related expenses generated to serve the Entity for special events that occur outside of the normal course of law enforcement activity shall be fully paid for by the Entity. Such additional expenses relating to overtime will be included on the invoice issued by the County during the billing cycle immediately following the accrual of the overtime.

15. Definition

Whenever in this Agreement there is a reference to the employees of the County and / or the Sheriff, such reference shall be deemed to also include all agents and independent contractors thereof.

16. Vehicle

~~The County hereby agrees to provide a pursuit rated patrol sedan, the suitability of which shall be subject to the approval of the Allegan County Sheriff, for use by the contracted law enforcement officer. The Entity shall provide the logos and labels for the vehicle.~~

~~The Entity is contracting for the number of law enforcement service vehicle(s) specified in Schedule B. Unless the necessary number of vehicles are contracted for, the contracted service will not provide 24 hours a day, seven days a week coverage. Each contracted vehicle shall maintain a normal schedule consistent with the practices of the Sheriff's Office.~~

~~Contracted law enforcement service vehicle(s), to the extent they are paid for by the Entity and do not include any portion funded by the County, shall be in addition to the road patrol and general law enforcement services already provided by the Sheriff and the County to the Entity pursuant to their discretion under applicable law. The County funded portion of the contracted vehicle(s) shall be considered a component of the County wide road patrol and law enforcement services.~~

~~The County hereby agrees to provide a pursuit rated patrol vehicle(s), the suitability of which shall be subject to the approval of the Allegan County Sheriff, for use by the contracted law enforcement officer(s). The County shall provide the standard Sheriff graphics for the vehicle, including local unit identification on the side rear windows.~~

~~The number of vehicles provided shall be commensurate with the number of contracted positions and their normal work schedules consistent with the practices of the Sheriff's Office.~~

~~Contracted law enforcement officers may only drive County provided vehicles while providing services under this Agreement.~~

17. Entire Agreement

This Agreement represents the entire understandings and agreements between the parties hereto, ~~and terminates and supersedes any prior agreements the Parties may have had concerning contracted law enforcement personnel and associated vehicles.~~ The Parties hereby cause this Agreement to be executed by their duly authorized representatives.

Commented [VK6]: Original language in this Section deleted in its entirety and replaced with updated language reflecting new arrangement whereby County will provide all vehicles for contracted positions.

Commented [VK7]: Language added to rescind all previous agreements concerning contracted local law enforcement services that may be in effect.

City Council Agenda Item Report

FROM: Ryan Cummins, City Manager

MEETING DATE: July 23, 2025

SUBJECT: Review Slow No Wake Survey Results and Options

DESCRIPTION:

City Council has held three workshops to review and discuss a request from Sergeant Marina to make all of Kalamazoo Lake no wake.

Here is the current no wake map:

There are several steps involved in creating a no wake zone, which is a local watercraft control. The Department of Natural Resources (DNR) has provided the attached procedures for permanent local watercraft controls.

- If the City Council desires to consider the no wake request from Sergeant Marina, the first step will include drafting a resolution requesting a local watercraft control and hold a public hearing on the resolution.
- After a public hearing, the Council would then make a decision on whether to approve the resolution and send it to the DNR for investigation, preparation of a report, and additional public hearing.
- If the DNR determines there is a need for a local watercraft control, the DNR will propose a local watercraft control ordinance for the City to consider adopting.
- If the DNR determines there is not a need, the City will be notified and provided specific reasons for denial.

It is important to note that the City can only request a no wake zone within our jurisdictional boundaries.

Community Feedback

The review to date has included feedback from area marinas, Fire Department, Sheriff's Office, Department of Natural Resources Law Enforcement, and public comments.

The Harbor Authority recommended that a tri-community survey be conducted to gather further feedback. City Council expressed support for a survey and requested that no wake and other watercraft control options be included in the questions. The City of the Village of Douglas, with feedback from City and Township staff, prepared and released a survey earlier this year. The results are attached.

The Kalamazoo Lake Harbor Authority reviewed the survey results at their last meeting. They had no consensus to provide a recommendation. They did express concerns about enforcement with recent funding cuts and voted to send a letter to the Sheriff's Office. They also expressed a desire to see no wake signage on the Blue Star Bridge.

The Douglas City Manager advised "[o]ur Douglas Harbor Authority met last night, which also has 3 members of council on the board, and they said they do not want to pursue the no-wake matter at this time as the survey was far too close to make the entire lake a no-wake zone." They asked that existing no wake signage on the bridge be larger and more prominent.

Sgt. Wagner, who oversees the Sheriff's Office Marine Unit, provided photos showing there are currently 8 no wake signs on the Blue Star Bridge. He reviewed the survey results and with the division on the issue, cautioned against making the entire lake no wake at this time. In addition to concerns about cutbacks to enforcement funding, he noted the following:

- "[I]t will be next to impossible to reverse that once it's approved by the DNR and made law by the State."
- "[W]hen a body of water is considered a "Slow No-wake zone", part of the language is **SLOW** meaning you will not (sic) longer be able to support sailboat classes from

SYC. They may not cause a lot of wake but they do go fast, not to mention the rescue boats they use for the kids need to speed to get to them when they capsize.”

Next Steps

Staff seeks direction from City Council on how you would like to proceed. Options include:

- Not pursue changes at this time.
- Direct staff to draft a resolution requesting a local watercraft control and hold a public hearing on the resolution. Options for a local watercraft control include:
 - Make the lake within the City no wake
 - Expand the no wake zone around Sergeant Marina
 - Make the areas in the City no wake for vessels over 26 feet
 - Restrict skiing and tubing hours
- Explore an increase to the size of the no wake signage on the Blue Star Bridge.

Any proposed regulation changes impacting the entire lake will also require approval of the City of the Village of Douglas.

BOARD/COMMISSION REVIEW:

Harbor Authority reviewed and did not have a consensus recommendation.

BUDGET ACTION:

N/A.

LEGAL REVIEW:

N/A at this time.

SAMPLE MOTION:

N/A. Workshop item only at this time.

Q1 Do you live in:

Answered: 742 Skipped: 26

ANSWER CHOICES	RESPONSES	
City of Douglas	19.54%	145
City of Saugatuck	32.21%	239
Saugatuck Township	29.65%	220
I do not live in the area.	18.60%	138
TOTAL		742

Q2 Do you own a boat?

Answered: 718 Skipped: 50

ANSWER CHOICES	RESPONSES	
Yes	85.24%	612
No	14.76%	106
TOTAL		718

Q3 If yes, what type of boat do you own? (Check all that apply)

Answered: 654 Skipped: 114

ANSWER CHOICES	RESPONSES	
Pontoon boat	20.95%	137
Powerboat (runabouts, bowriders, deck boats)	50.61%	331
Wake boat/wakeboard boat	1.07%	7
Sailboat	6.42%	42
Jet skis and other personal watercraft	8.10%	53
Fishing boat (bass boats, aluminum fishing boats)	10.55%	69
Cabin cruisers	25.99%	170
Kayaks, canoes, and paddleboards	24.01%	157
Total Respondents: 654		

Q4 Do you rent or own a slip, on Kalamazoo Lake?

Answered: 744 Skipped: 24

ANSWER CHOICES	RESPONSES	
Yes	56.99%	424
No	43.01%	320
TOTAL		744

Q5 What activities do you primarily engage in on Kalamazoo Lake? (Check all that apply)

Answered: 746 Skipped: 22

ANSWER CHOICES	RESPONSES	
Fishing	5.36%	40
Cruising/Sightseeing	76.14%	568
Water skiing/Tubing	4.83%	36
Wakeboarding/Wakesurfing	0.13%	1
Kayaking/Paddleboarding/Canoeing	13.54%	101
TOTAL		746

Q6 Have you observed or experienced situations on Kalamazoo Lake where wakes contributed to safety risks (for example, near-misses or accidents)?

Answered: 753 Skipped: 15

ANSWER CHOICES		RESPONSES
Yes		43.29% 326
No		56.71% 427
TOTAL		753

Q7 To what extent do you support designating the entire Kalamazoo Lake as a no-wake zone, considering that it may improve safety but could also extend travel times and limit some boating activities?

Answered: 765 Skipped: 3

ANSWER CHOICES	RESPONSES	
Strongly Support	35.69%	273
Somewhat Support	11.76%	90
Neutral	6.41%	49
Somewhat Oppose	11.11%	85
Strongly Oppose	35.03%	268
TOTAL		765

Q8 Do you support expanding the no-wake zone around marina areas?

Answered: 755 Skipped: 13

ANSWER CHOICES	RESPONSES	
Yes	64.37%	486
No	35.63%	269
TOTAL		755

Q9 Do you support making Kalamazoo Lake no-wake for vessels over 26 feet?

Answered: 760 Skipped: 8

ANSWER CHOICES	RESPONSES	
Yes	72.37%	550
No	27.63%	210
TOTAL		760

Q10 Do you support imposing restrictions on wake production by certain vessel types (e.g., wake boats or wakeboard boats) to improve overall safety, even if it may limit some recreational boating options?

Answered: 751 Skipped: 17

ANSWER CHOICES	RESPONSES	
Yes	67.24%	505
No	32.76%	246
TOTAL		751

Q11 Would you support limiting the hours during which activities like water skiing and tubing are allowed on Kalamazoo Lake if doing so could reduce wake-related safety issues, despite potentially reducing available recreation time?

Answered: 757 Skipped: 11

ANSWER CHOICES		RESPONSES	
Yes		56.67%	429
No		43.33%	328
TOTAL			757

Q12 In your opinion, are the current no-wake regulations adequately enforced?

Answered: 745 Skipped: 23

ANSWER CHOICES	RESPONSES	
Yes	49.26%	367
No	50.74%	378
TOTAL		745

Q13 What additional boating regulations or concerns should be considered for Kalamazoo Lake? Please include any thoughts on how safety measures might be balanced with the needs of boaters for timely lake access and recreational opportunities.

Answered: 327 Skipped: 441

#	RESPONSES	DATE
1	Transit time is hardly affected due to the small area. With marinas bordering so much of the shoreline it's absurd for wake producing water sports	5/30/2025 12:00 PM
2	Restrictions could be in place only during the time the sailing classes are happening. Otherwise, small motor craft have no opportunity to go tubing, jet skiing or just enjoy a fast ride. Currently, the water level in the river is so low there are few other areas to use a watercraft with any amount of speed.	5/30/2025 11:50 AM
3	Leave it alone, I have lived in Saugatuck all my life and we need to stop catering to the 1% of complainers....Kalamazoo lake is meant for recreational activities....	5/30/2025 6:52 AM
4	This will make it so time consuming to go to Lake Michigan. It will also cause issues for silver lake	5/29/2025 9:10 PM
5	One of the problems we encounter is rental boats not having a clue about the rules of boating.	5/29/2025 8:54 PM
6	If you stop the wake zone on the Kalamazoo River, I live on Silver Lake and we're going to have everybody trying to bring their boats out here. This will make it dangerous for the small lake to have that many people out here at once.	5/29/2025 8:47 PM
7	Enforcement	5/29/2025 3:14 PM
8	No concerns	5/29/2025 9:00 AM
9	In my experience, instituting a no wake zone across Lake Kalamazoo is unnecessary. Balance seems to already exist with current regulations as there is a lengthy no wake zone up and down river of Lake Kalamazoo. This effort seems to be a solution looking for a problem. If the city wanted to regulate something, it should address the playing of loud music on vessels, which is a distraction to safe boating and disturbance of the peace.	5/29/2025 8:33 AM
10	I've boated in this area for 30 years. There are more boats now but never have I experienced safety issues due to wake.	5/29/2025 6:55 AM
11	It seems to work well as is.	5/28/2025 11:05 PM
12	Spot check life jackets and boat safety equip	5/28/2025 10:54 PM
13	No wake for the lake. Sick and tired of boats being thrown around at the dock because of rude boaters.	5/28/2025 6:44 PM
14	None	5/28/2025 6:37 PM
15	Would be nice if the lake could be dredged at some point	5/28/2025 6:31 PM
16	Drinking and driving + rental pontoons who have drivers who aren't experienced or familiar in driving a boat or the lake are the main issues truly for wake issues and safety so focusing more on those regulations & crackdown would help a lot. Thx!	5/28/2025 6:19 PM
17	Leave it the way it's always been	5/28/2025 5:50 PM
18	Better marking of No Wake Zones.	5/28/2025 5:49 PM
19	X	5/28/2025 4:49 PM
20	NA	5/28/2025 4:21 PM

Kalamazoo Lake No-Wake Regulations

21	I am strongly in favor of the entire Kalamazoo Lake becoming a no wake zone. We have had a boat in Saugatuck since 1973 and have owned two slips at Sergeants since 1987. The problems that the wake zones have created have dramatically increased with the increase in the number of boats using the lake. It has made our fuel dock extremely dangerous for our employees as well as for the vessels fueling. It also makes boarding the boats docked here dangerous. I have had items on my boat broken as well as some exterior damage. Unfortunately there was never a need to report the incidents because the offending boats were outside of the no wake zone. Kalamazoo Lake is too small for it to contain any wake zones. Safety should always be the first priority.	5/28/2025 4:10 PM
22	More enforcement is needed and signage as most tourist boaters do not know the current no wake zone	5/28/2025 3:40 PM
23	Some of your questions don't really apply. Like, I kayak, but mostly on Wade's bayou, not Lake Kalamazoo. I SeaDoo across Lake Kalamazoo but only to get to Lake Michigan. As a former parent and board member at Saugatuck Yacht Club I seriously question what impact a lake-wide SNW zone would have on daily operations and safety. Instructors need to be able to do their job without concern as to whether they are producing a wake or not. I suppose if it was 26'+ craft restriction that could work. I waterskied on Lake Kalamazoo in the 80's but I would not recommend it these days due to depth and obstructions. Most lack of enforcement I see is on the river...and charter boats are worst offenders. If hours were limited for boats to the same as they are for PWCs, ("no towing, 1hr before sunset to 8am") I'd not have a problem with it. I think it's hard to regulate what constitutes a "wake plus" boat vs just a boat producing a wake. And some non-wake boats produce as much or more of a wake as a wake boat. However to make or even consider restrictions, such as those found in the proposed State of Michigan HB5532, would be a terrible mistake. There is no reason for a 20' depth requirement and no reason for a 500' distance limitation. Under MI law, boat operators are already responsible for damage their wakes create. I see very little IF ANY operation that endangers or does damage anywhere on Lake Kalamazoo...maybe one occassional drunk or rental operator flying through at too close of a distance...which could be dealt with if we had more sheriff hours. And the only damage is someone drops their (3rd) martini over at Singapore. This is largely a "problem" created by overzealous fuddy duds who want to "own" more quiet on the water. Get a house or a condo...its not everyone's job to make sure their boat never rocks.	5/28/2025 3:18 PM
24	na	5/28/2025 3:15 PM
25	We need more enforcement. I see so much wake on the river out to the lake now.	5/28/2025 2:36 PM
26	Get more patrols	5/28/2025 2:09 PM
27	It needs to all be no wake	5/28/2025 2:06 PM
28	What we see continuously is boats beginning to slow down at the no wake buoys. This in turn makes the boats drop lower in the water causing larger wakes in the no wake zone. This causes damage to docked boats and safety concerns for people getting on or off boats, or falling if the wakes hit the boats unexpectedly	5/28/2025 2:03 PM
29	Low areas where trees, branches and ground need to be removed as you can't see them easy especially at night in the lake that create a big risk if you hit them.	5/28/2025 1:44 PM
30	I am a concerned about the youth sailors from the Saugatuck yacht club who have Saturday and Wednesday races. Apparently people aren't aware that they should stay out of the sailboats way and there needs to be more education for power boaters to avoid the sailboat race course.	5/28/2025 1:26 PM
31	A no wake speed that firs with time zone of 10-6 would support am and evening fishing. Reduce risk and allow for liesurely evening putts.	5/28/2025 1:23 PM
32	Get rid of the wake zone make the lake all no wake	5/28/2025 1:08 PM
33	Unless accident data shows a compelling reason including an upward trend, we should continue enforcing the regulations as they are today.	5/28/2025 1:06 PM
34	With the shallowness if the lake we need more markers for out of town boaters	5/28/2025 1:04 PM
35	Slow no wake for all of it for safety.	5/28/2025 1:00 PM
36	Just enforce the rules that are already in place. Increase the police coverage.	5/28/2025 12:50 PM

Kalamazoo Lake No-Wake Regulations

37	If we are having this conversation obviously there have been problems. Give wake boarders, water skiers and jet skiers and such as big a safe area as you can, mark the area!! Then no wake else where.	5/28/2025 12:38 PM
38	Just a sign in the really shallow area so people quite running aground	5/28/2025 12:32 PM
39	No wake on the river in town	5/28/2025 12:26 PM
40	Effect on Saugatuck Yacht Club Sailing program for kids	5/28/2025 12:25 PM
41	There is a huge lake, Lake Michigan to have fun on. Also, with the low water folks often go very fast, and are clueless to know they may hit bottom and flip over going so fast.	5/28/2025 12:15 PM
42	How close the wake zones are to docks/boats on the lake. They are too close	5/28/2025 10:53 AM
43	No wake period.	5/27/2025 12:33 PM
44	I think that all of Lake Kalamazoo should be no wake for all boats and jet skis.	5/26/2025 12:37 PM
45	Will leave it in your hands	5/26/2025 7:01 AM
46	I have no concerns of boat safety. I've been boating in the area for over 40 years and have never had issues with boat safety. The sheriff boats do an excellent job monitoring the no wake zone.	5/14/2025 3:37 PM
47	Boaters need access anytime during daylight hours to without restriction. Try more enforcement of unsafe boat drivers before penalizing everyone	5/11/2025 10:31 PM
48	I feel limited the no wake zone is not necessary and unsafe in certain situations like when SYC has sail races and the a child flips and needs help the rescue boat can get to them swiftly. But that being said we need better enforcement of the no wake zones	5/9/2025 7:59 AM
49	Kalamazoo lake is not a large lake and the joy of using the lake is the tranquil basin where you can safely traverse the lake at all times. We also spend considerable time boating in the Inter Coastal waterway where no wake zones are frequent and enforced. Once in place, everyone will enjoy the opportunity to boat without safety concerns	5/6/2025 3:52 PM
50	Not a boating regulation but the weeds are terrible.	5/3/2025 8:28 AM
51	regulate noise levels...some motors can be heard for a long time even when the boats are completely out of sight.	4/30/2025 10:49 AM
52	Need more water police presence. Maybe the marinas complaining can open their checkbooks to fund it.	4/30/2025 4:24 AM
53	None	4/29/2025 9:30 PM
54	Safety for the JR sailers at the yacht club.	4/29/2025 7:41 PM
55	Enforcement of lights on boats using the lake at night including moored boats. Temporary docking at dinghy docks, instead of staying all weekend.	4/29/2025 7:17 PM
56	Enforce existing regulations, more boating restrictions is NOT the answer!!	4/29/2025 10:27 AM
57	I live directly on Lake Kalamazoo and have for the last 9 years. I enjoy watching the families that come to Saugatuck to participate in the water recreational activities we are so blessed to have. Every day in the summer I watch the boaters, tubers, jet skiers, paddle boarders, and kayakers. Even on days that are less than ideal, I see families out enjoying the water on Lake Kalamazoo because that is the time they have taken for their summer vacations and have chosen Saugatuck to bring their entertainment time and dollars to. I have even watched a float plane land on Lake Kalamazoo. I am a boater and a kayaker myself. I have a good deal of kayaking and boating experience. I have kayaked for a week long trip in Canada and have kayaked in Valdez, Alaska. I have seen and assisted kayakers on the canal going out to the big lake in trouble due to the normal big lake wave action and the traffic on the canal but I have never seen anyone have an issue on Lake Kalamazoo. There is already a large area that is a no wake zone and plenty of space for kayakers and paddle boarders if they are not comfortable with the wave action as more experienced are. Also, Michigan Law already states that there is to be no wake 100 feet from any boat dock, etc. In addition there is a bill (HB 5532) in our state legislature that has been proposed but not passed yet prohibiting wake boarding within 500 feet of any dock and must have 20 feet of depth. I think Lake Kalamazoo is too small for any wake boarding activities and I have never seen any wake boarding activity	4/28/2025 11:00 AM

Kalamazoo Lake No-Wake Regulations

on Lake Kalamazoo. But I would support a restriction on sport wake boarding, but am strongly opposed to additional total ban on wakes on Lake Kalamazoo. We must continue to encourage tourism in our town as it is our only industry. Making the whole lake a no wake would send the families that come in the summer to Saugatuck elsewhere.

58	More dangerous to me are all the boats anchored out with multiple anchor lines in the bay	4/27/2025 8:13 PM
59	Leave it the way it is. Patrol more often	4/27/2025 6:21 PM
60	No wake for boats over 26'	4/27/2025 11:26 AM
61	Sheriffs should be out for safety and not to harass boaters	4/26/2025 5:21 PM
62	None, the tourism is already under attack by all the rent cap fight.	4/25/2025 12:49 PM
63	The chain ferry needs warning lights when crossing. It's a hazard especially when newcomers are bringing their boats down the river.	4/25/2025 12:33 PM
64	Driving while under the influence should be better controlled	4/24/2025 8:43 PM
65	More clearly marked navigation area. Once you pass Gables it's kind of ambiguous as to where to be unless you have your charts pulled up.	4/22/2025 3:28 PM
66	I think it should be no wake for boats 23 ft and over	4/22/2025 11:17 AM
67	People that don't have a boat should not have a say. All these people that want these restrictions are not boaters and have no idea. Dont ruin our fun and we should be able to go faster on the Kalamazoo river to get out to Lake Michigan. Loosen the rules not strengthen thank you	4/21/2025 7:20 PM
68	It takes us 45 minutes to get to Lake Michigan as it is. Stop the fun police! If you don't own a boat you shouldn't have a say. The Karen's are ruining our city.	4/21/2025 7:20 PM
69	The biggest consideration should be the extended travel distance, especially for small boats under 26'. Small boats don't create anymore of a wake then a windy day does, and their minimal wake size isn't constantly damaging or unsafe.	4/21/2025 4:36 PM
70	There is too much No Wake. In the city and around marinas it makes sense. Upstream to the park and downstream to Lake Michigan has extensive no wake that is unnecessary. It limits fishing opportunities unnecessarily.	4/21/2025 3:43 PM
71	My concern with questions 9 & 10 have to deal with discerning the size of a vessel. Not many people can adequately tell the overall length of a boat. Who wants to be stopped for operating a 25 foot boat because it was thought to be a 26 footer. This may cause more problems than good. Who is going to pay for, install and maintain signs, buoys, etc? I've read the Michigan legislation on this and I know it's not the responsibility of the DNR or the Sheriff's Dept., so who is responsible for these things? And who determines what classifies a boat as a "wake-boat"?	4/21/2025 3:19 PM
72	As a resident on the lake, I don't have any concerns with the current regulations.	4/21/2025 2:46 PM
73	More enforcement on holiday and festival weekends.	4/21/2025 10:21 AM
74	Fishing boats should be required to stay a certain distance from the overhead bridges as some tend to block the passageway	4/20/2025 10:27 PM
75	No opinion.	4/20/2025 11:29 AM
76	None	4/20/2025 10:32 AM
77	Stop taking away the people's rights. Fight for every right we have. Stop special interests	4/20/2025 7:32 AM
78	Better enforcement	4/19/2025 6:50 PM
79	Total no-wake for the lake would solve the wake problem, but would also decrease recreational use of the lake. More wide-spread no wake zones and better enforcement would seem like a better option for all affected.	4/19/2025 4:45 PM
80	We should expand the Sheriff's marine coverage too enforce the rules and laws already inn existence, and better deal with those who will violate any wake restrictions.	4/19/2025 2:05 PM
81	I live on the Kalamazoo River across from Oxbow, so I am more familiar with the issues we	4/19/2025 11:13 AM

Kalamazoo Lake No-Wake Regulations

have further down the river. Overall, when boaters get to that point, the no-wake rule on the river is not honored or regulated by my home/dock. Perhaps this is because boaters are further away from Kalamazoo lake and there is very little enforcement for most of the year, but we are for making the entire Kalamazoo a no-wake zone and keeping just the big water (Lake Michigan) the wake zone. It is so bad that most homes are required to have a sea wall to protect from erosion and our boats on lifts and in the water and jostled around by the wake of boats flying up and down the river at all times of the day.

82	No wake for fuel dock!	4/19/2025 8:50 AM
83	it is safe- great record	4/18/2025 11:25 PM
84	most boaters are great, it is the few that create an issue	4/18/2025 11:21 PM
85	none	4/18/2025 11:16 PM
86	Boaters rights are important as 99% of the boaters cause no problems this focus is on 1% that cause 99% of the WAKE issues	4/18/2025 11:03 PM
87	Increased awareness of sailing lesson/races/securing of the permitted sailing area.	4/18/2025 9:52 PM
88	NA	4/18/2025 6:23 PM
89	support boaters rights	4/18/2025 4:29 PM
90	Enforcement and a more visible presence of sheriff and coast guard boats patrolling Tighten up the regs for boat rental businesses	4/18/2025 4:27 PM
91	Boat rental businesses should better educate their clients on boat safety and etiquette with rules to read before taking a boat out on the water. It is so easy to spot newby boaters because they are breaking so many boating safety rules endangering others.	4/18/2025 3:51 PM
92	The channel is already long enough to get to Lake MI. No wake would add more time.	4/18/2025 2:21 PM
93	enforce the marine laws we have in place	4/18/2025 2:00 PM
94	I believe the small lake size and shallow depth make tubing unsafe. I also believe it's important for boaters to have an area to open up their throttle to ensure proper boat and engine operation before proceeding onto Lake Michigan - watercraft engines perform differently at low speeds versus under load and having an engine cut-out on the big lake is not what any boater wants to experience.	4/18/2025 12:39 PM
95	address the wake boats issue	4/18/2025 12:24 PM
96	Leave it how it is	4/18/2025 11:04 AM
97	The water way is Saugatuck's greatest reason for people to be here. Not allowing water-skiing, wakeboarding, PWC use, etc. would be a major reason for people to vacation elsewhere. Large boats producing a large wake is not necessary for their use..... Most large vessels are making way to get to Lake Michigan or simply parading the river (sightseeing). Police boats stopping PWCs for wake violations is ridiculous. They hardly create a wake.	4/18/2025 9:20 AM
98	wake boat issue needs to be addressed at state level as these wake boats are destructive everywhere	4/18/2025 8:35 AM
99	No additional regulations are needed.	4/18/2025 7:59 AM
100	Make all of Lake Kalamazoo no wake.	4/18/2025 7:57 AM
101	More enforcement of drunken boaters	4/18/2025 7:55 AM
102	If you have a problem with wake regulations, call the cops. There are already regulations in place that aren't enforced. Stop punishing the ones who obey the law because there are a few bad eggs	4/18/2025 7:52 AM
103	Like the idea of imposing hours for no wake during specific times, and also during festival/special event periods, which are higher traffic periods.	4/18/2025 7:12 AM
104	wake boats can be a problem as their wake is greatly exaggerated by design	4/18/2025 4:16 AM
105	dredging & weed control	4/18/2025 4:03 AM

Kalamazoo Lake No-Wake Regulations

106	Could consider more buoys	4/17/2025 11:13 PM
107	No wake enforcement near anchored vessels	4/17/2025 9:08 PM
108	Stop the regulation madness. The STR ordinance has already negatively impacted the value of my property and has unduly limited my estate planning goals.	4/17/2025 7:09 PM
109	NA	4/17/2025 6:12 PM
110	More clearly mark the downstream start of the no wake zone when heading up river towards the blue star bridge. Many people are on plane or operating jetskis right up to the bridge when heading up stream	4/17/2025 3:58 PM
111	More enforcement of No Wake on the river.	4/17/2025 3:33 PM
112	No more regulations needed	4/17/2025 3:08 PM
113	I don't have any concerns with safety issues on Kalamazoo Lake. We do not need additional regulations.	4/17/2025 2:14 PM
114	I don't support this because a lot of the people that own boats in those marinas (Singapore Yacht club and others) don't observe the no wake down the river and through the channel. So I feel they need to have a taste of their own medicine.	4/17/2025 2:02 PM
115	No tubing and no wake for 26 foot and older. With the young sailors boaters need to learn boaters laws when it comes to a sailboat under sail	4/17/2025 1:57 PM
116	If you no wake Kalamazoo lake the problems will migrate to Silver Lake and the up River zone beyond US196 (Harbor Rd) these areas are even more dangerous as the river is narrow and people do "poker runs" at 50-70mph from Deep Harbor Marina to the boat launch under the US 196 bridge this initiative MUST consider adjacent waterways otherwise it's deflecting from Kalamazoo lake and marinas to property owners on river and Silver Lake.	4/17/2025 1:29 PM
117	A no wake zone would benefit all boaters alike due to waves and safety issues	4/17/2025 1:27 PM
118	It gets so busy on the river in summer weekends thst it can be dangerous	4/17/2025 1:20 PM
119	We have a 13 foot whaler and have been stopped on 2-3 ocasions over the past 10 years for making a wake (tiny one). On the other hand, we see much larger boots violating no wake zones and there is no one around to catch them. Any way the patrolling could be more consistent? Thanks!	4/17/2025 1:18 PM
120	Enforce what is there now, don't penalize folks that honor the rules as they exist	4/17/2025 12:55 PM
121	Zero wrong with current situation. Some people want change for their own self interest. Also enforcement doesn't keep up with things as it is.	4/17/2025 11:48 AM
122	Given the low lake levels, expanding the no wake zone regulations is crucial.	4/17/2025 11:31 AM
123	As a boat owner who regularly uses the river, I have personally observed people in rental boats operating these watercraft unsafely and without knowledge of marine (coast guard) regulations. If ever there was a problem with, and threat to, property and public safety, this would be it. Rental boat companies is Saugatuck need to do more to address this issue.	4/17/2025 11:10 AM
124	Wake is the big one in my opinion. Other than that, people are mostly respectful and safe.	4/17/2025 10:31 AM
125	None	4/17/2025 10:19 AM
126	There are few water skiers on lake Kalamazoo and I would hate to discourage this fun sport. Wake board boats are another matter, their wakes are huge and will cause damage to boats in slips-I have seen it happen. As far as I know you can wakeboard on Lake Michigan when it's calm, but it's really never calm enough to water ski on the big lake	4/17/2025 9:07 AM
127	Nothing	4/17/2025 9:04 AM
128	It's a safety issue that needs to observe.	4/17/2025 8:57 AM
129	n/a	4/17/2025 8:57 AM
130	The entire lake should not be a no wake zone. I would guess the folks that want this are not local, do not own a boat, and are primarily focused on the visual impacts of having wake generating activities on the lake, which is not relevant in my opinion.	4/17/2025 8:47 AM

Kalamazoo Lake No-Wake Regulations

131	Na	4/17/2025 8:47 AM
132	I definitely believe it should be no wake anything west of the red dock. There is just too much traffic on the river and people are not paying attention and don't have enough time to react. A boat does not have breaks. Too many close calls this past summer from boaters going too fast in the channel. It causes a lot of damage and safety concerns when boats are rocking so hard in the slips. Also the lake is very low. I believe we are going to experience more issues this summer. Boaters don't understand the depth limits in the river past the red dock.	4/17/2025 8:33 AM
133	As a previous boat owner I don't recall seeing no wake sign along the river. I live on the river. There are times when boats do not observe that. Thanks	4/17/2025 8:08 AM
134	Entire area should be no wake for all boats. It's safer and would remove the possibility of damage to slip holder boats. If you want to ski or tube go to Lake Michigan and no one has to worry about damage or uncomfortable rocking back and forth while enjoying the afternoon on the boat. Slipholders spend thousands to be in the area and even more supporting local businesses. Personally it doesn't affect us as our boat is down river but I feel for those that it does	4/17/2025 8:04 AM
135	wake permitted on river up river from freeway bridge	4/17/2025 8:01 AM
136	Does the entire lake need to be a no wake zone? Or could there be a zone all around the perimeter of the lake and marina areas? That could be a happy compromise.	4/17/2025 8:01 AM
137	Too many boat rentals on this lake that didn't exist previously. Boat renters don't know boating rules let alone the area. The rental owners need to have stronger rules and better information that is given to the boat renters. They should have a chart in the boat showing where to stay in the lake while they are using the boat.	4/17/2025 7:22 AM
138	Enforce rules already on the books.	4/17/2025 7:07 AM
139	Jet skis are a huge safety issue.	4/17/2025 6:53 AM
140	I've seen several events of high speed passage from one end of the lake to another, large wakes that have caused issues with kayakers and paddle boards, extreme rocking of boats in marina slips, etc. it would be wonderful to have Kalamazoo Lake a no-wake zone. As a sailor with a larger sailboat, we travel at lower speeds and must go out to Lake Michigan to enjoy our water sport activity. There are days where it is too rough to go out on the lake, which limits our ability to enjoy our water sport activity, but that's just the way it is. We've gotten used to how much time it takes and just enjoy the scenery!	4/17/2025 6:11 AM
141	The current no wake? I've seen kayaks get tipped under the saugatuck bridge from wake? I've almost tipped my boat which is 17ft sea nymph fishing from wake as it travels further. I'd suggest that 21ft or more be no wake. Also going up river around the highway bridge no wake as it's skinny there and people fly under the bridge and around the blind corner. That's also a good fishing area and I've seen at least a dozen boats almost hit, ppl fighting. I've been on this river and lake 9 years and know all the bad areas I can make a map for you if needed	4/17/2025 4:44 AM
142	Dingys and small boats should be exempted and kept current rules but anything 25 foot and up should be kept at no wake. Lake Macatawa in Holland now has similar rules in certain areas.	4/17/2025 2:47 AM
143	Protecting the SYC sailors during races, I have seen sailors knocked off their sailboats from wakes	4/17/2025 12:24 AM
144	Excessive rafting out at mouth of Lake Kalamazoo on holidays.	4/16/2025 11:14 PM
145	No wake during prime fishing hours dawn and dusk. I fully support. Also properly marking the shallow areas in the lake would be helpful especially the shallow area straight out from the pike cottages. Also no wake during sailing instruction/races would be smart.	4/16/2025 10:48 PM
146	Patrol the fisherman in the morning. They break the no wake all the time.	4/16/2025 10:38 PM
147	With the way the wake zones are in the Kalamazoo River it is very dangerous! There can be 6 foot waves from boaters tubing and around the gas dock and people in their boats it is very dangerous!	4/16/2025 10:33 PM
148	Kalamazoo lake is fairly shallow. We own a stationary dock and our fishing boat takes a beating, especially from boats who are not from the area and there for the day. I fear three	4/16/2025 10:15 PM

Kalamazoo Lake No-Wake Regulations

things:1) Disruption of ecosystem and marine life and 2) safety, and 3) destruction of shoreline and existing sea walls.

149	We live on the west side of river, directly across from Coral Gable, we see an extremely large majority of the problem being rental pontoon boats! They have no idea what side of the bouy is no wake! We also constantly have them stopping in front of our house urinating off the boats. It is my belief that you should restrict pontoon rental boats and only allow boats to be rented with a captain who knows the rules. It is more of a safety concern that groups of parties are set loose typically drinking and without knowing the rules other than the 5 minute speech blended in with how to operate a boat before they are set loose on an already congested lake and river. From what I witness everyday this is the biggest concern for safety.	4/16/2025 10:15 PM
150	bridge heights	4/16/2025 9:34 PM
151	Rental boats need to know how to navigate!!!	4/16/2025 9:30 PM
152	We have observed more safety issues with boat or kayaks (some rentals) not observing "rules of the road". Also boats that don't practice courtesy with wake around smaller craft.	4/16/2025 9:28 PM
153	Need better weed control before it gets out of hand and unmanageable	4/16/2025 9:20 PM
154	It is so dangerous having a boat at Sergants Marina . Even though the wake zone is a ways out the wake's continues to roll in to the docks. Making it dangerous standing or walking on your boat. Or getting on and off your boat.	4/16/2025 9:16 PM
155	Pirates cove drinking, partying and overall public nuisance as the boaters ignore the waterway rights of lawful boaters	4/16/2025 9:15 PM
156	Additional Electronic Measures that Identifies and helps enforce no wake zones already in place. Example: https://www.knowwake.com/blog/ownership/must-have-boat-electronics/	4/16/2025 9:15 PM
157	There are simply too many boats in a small area to allow wakes. Docked boats are constantly getting rocked, sometimes violently. K-Zoo "Lake" is really just a wide portion of the river and there are too many inexperienced recreational boats out there. Surprised there aren't more serious accidents. Much easier to enforce no wake everywhere than segmenting it. Limited times would be a fiasco and so difficult to enforce.	4/16/2025 9:12 PM
158	None at this time	4/16/2025 9:08 PM
159	Don't fix something that is not broken	4/16/2025 9:04 PM
160	None, it's pretty regulated as it is.	4/16/2025 9:03 PM
161	More monitoring and enforcement by officers	4/16/2025 9:02 PM
162	Restrictions on the operational distance from the shoreline or In shallow waters.	4/16/2025 8:49 PM
163	Sergeants marine should not be allowed to make rules that affect the entire community and beyond. Stop making more rules that won't be enforced anyway	4/16/2025 8:47 PM
164	Get the inexperienced boat renters (Retro Boat Rentals) off the water! Require a boating license to rent.	4/16/2025 8:45 PM
165	An active full time harbor master is needed for the waterway. The anchorage area for the little lake needs to be well defined and enforced. Often there are anchored boats beyond the no wake markers and in the channel. Boating regulations are a joke in the harbor, rarely enforced and typically directed at small boats. As a professional captain in the harbor for decades and a lifelong resident I have seen countless incidents due to negligence. Just because you can't own or rent a boat does not mean you should be on the water. As for timely access this is an illfounded reason. The big lake will still be there in 10 more minutes. However as a slip holder there for numerous years our frustration with damage led to finding slips elsewhere. If rules are not enforced on a daily basis there is no point in adding or changing them.	4/16/2025 8:44 PM
166	I would think having a no wake zone would make it safer for when the kids are lake Kalamazoo for sailing lessons.	4/16/2025 8:37 PM
167	While we support sailing lessons, please do not allow lessons to include the channel toward safe harbor Marina.	4/16/2025 8:37 PM
168	None	4/16/2025 8:30 PM

Kalamazoo Lake No-Wake Regulations

169	I feel the reason why there are so many close calls or issues are mainly from people renting boats and it's their lack of local knowledge or they lack boating skills, or common sense	4/16/2025 8:22 PM
170	I support significant wake restrictions as it will create a safer and more enjoyable boating experience on the Kalamazoo.	4/16/2025 8:20 PM
171	No wake	4/16/2025 8:02 PM
172	Probably over half of the traffic on the river in the summer is rental pontoon boats. It needs to be slow no awake everywhere, for all boats, because it's too confusing the way it is now and no one obeys. There is insufficient pure patrols to enforce any of. The wakes Even from small boats, make all of the boats rock and roll at all marinas which is a safety risk no doubt	4/16/2025 8:00 PM
173	Enforcement by Sheriff	4/16/2025 7:54 PM
174	It would be nice to have the lake dredged with the low water levels. It would be nice to have the lake area east of Blue Star HWY up to route 31/196 completely dredged to create another boating and fishing area that is navigable.	4/16/2025 7:50 PM
175	As the lake level drops we need better markers for the shallow areas.	4/16/2025 7:34 PM
176	More channel and No Wake markers.	4/16/2025 7:31 PM
177	None	4/16/2025 7:30 PM
178	We had our 55 Ocean Yacht in one of the bay end slips at Tower. It weighed 65000 lbs. We were constantly slammed against the dock by the wakeboard boats and even worse the 26 foot sea rays towing tubes all day long. We ended up moving our boat to Grand Haven to get away from it. Both our kids wakeboard or tube - but we had them do it down the river to not create havoc in the marinas. One time I was in the shower and a boat pulling a tube went by so many times the wake rocked us so hard I fell.	4/16/2025 7:27 PM
179	Dredge all the way back to silver lake or deep harbor marine	4/16/2025 7:26 PM
180	Rental companies do not tell pontoon renters the rules about no wakes. They are the worst offenders. Boats in the slips up & down the river are often damaged by the wakes. Large wakes wash the shoreline out. I'm also surprised there aren't more boating accidents. Maybe one smaller area could be used for skiing, tubing.	4/16/2025 7:19 PM
181	Just how many accidents have happened in the last 10 years due to speeding boats??	4/16/2025 7:00 PM
182	No	4/16/2025 6:56 PM
183	Enforce current restrictions. Maybe increase no wake around marinas.	4/16/2025 6:26 PM
184	None	4/16/2025 6:19 PM
185	DUI	4/16/2025 6:17 PM
186	I respect the right of motorized to gain access to the lake but noise from loud boats for residents living along the shore of Lake K reverberates is pretty awful. (I live on Lake K). The expanse of water combined with loud boats who rev their engines is pretty miserable. Let's continue to support non motorized boats!	4/16/2025 6:15 PM
187	We live on the Kalamazoo. Our association has 17 boat slips across from Shultz park, by 96/31 bridge. If there's a no wake needed it is there!	4/16/2025 6:07 PM
188	My family and I have been voting on Lake Kalamazoo for over 20 years. I have never had a problem with wakes. this seems to be an issue created by the Singapore yacht club people for their own benefit exclusively	4/16/2025 5:59 PM
189	We have rented a slip at Tower Marine for 6 summers. We like to end our summer days with a quick high speed loop around Kalamazoo Lake before docking. We have never felt unsafe nor have we ever witnessed a near accident. It's nice to have the small portion of the Kalamazoo for increased speeds. Meanwhile, we support the no wake zone along the remainder of the river (as it is now).	4/16/2025 5:52 PM
190	None	4/16/2025 5:43 PM
191	Limit amount of boat rentals! Too many don't know what they are doing and adds too much boat traffic to area. Feel this is the biggest safety issue.	4/16/2025 5:30 PM

Kalamazoo Lake No-Wake Regulations

192	Wake board boats and boats over 26 feet should be no wake	4/16/2025 5:28 PM
193	Real mistake to reduce present no wake policy. Needs to be expanded	4/16/2025 5:23 PM
194	Move no wake markers out further away from the marina	4/16/2025 5:23 PM
195	None	4/16/2025 5:21 PM
196	Limit kayaks and paddle boards to areas close to shore - not navigation channel	4/16/2025 5:16 PM
197	Enforce the rules we have, adding more only impacts the people who aren't the problem	4/16/2025 5:09 PM
198	It's no fun at idle speed. It currently takes 45 minutes to get to lake Michigan. It's terrible and it doesn't need to be this way. Please loosen up the current restrictions and definitely don't add more idle speed area. AND if you can't prove you own a boat, you shouldn't get a vote in the matter!!	4/16/2025 5:02 PM
199	That the STFD and ACSO would be exempt of wake restrictions anywhere on Lake Kalamazoo and Kalamazoo River in emergency situations and calls	4/16/2025 5:00 PM
200	All no wake	4/16/2025 4:59 PM
201	Being an owner of a smaller boat and now having a boat in a slip. We did not realize what our wake was doing to people in their slip. It's a big safety concern.	4/16/2025 4:59 PM
202	No wake in the river and within 200 ft from any dock on the lake	4/16/2025 4:58 PM
203	Expanding the no wake zones may lead to more problems with invasive species such as milfoil. I worry that making the lake No Wake will be harmful environmentally to the lake and allow for more vegetarian growth to crowd out the shore line access.	4/16/2025 4:58 PM
204	I honestly used to be a recreational boater with a speedboat and would be on plane all of the time in the harbor. Now that I have a boat and a slip, I realize how much havoc I was creating for folks and slips when boats go by and create a wake. It is very disruptive and can be hard to keep your boat from hitting pilot ends so when that happens and you're trying to get on or off your boat, it can be extremely dangerous and it's also hard on cleats and boats.	4/16/2025 4:52 PM
205	No jet skis! Most are irresponsible and a nuisance	4/16/2025 4:46 PM
206	The water levels are very low right now, there are hazards people coming in from out of town would not be aware of. Also we have things fall off our counters due to boat wake. I don't believe that going to no wake on the Kalamazoo Lake would stop visitors from coming Jered, there's a big lake attached.	4/16/2025 4:46 PM
207	Wake on the river make a mess to the boats as rocking back and forth	4/16/2025 4:44 PM
208	I could see some exemptions for things like jet skis, but the lake is too small to have any boat over 20 feet not restricted from no rules	4/16/2025 4:41 PM
209	None at this time.	4/16/2025 4:40 PM
210	Eliminate all no wake zones. I'm tired of hearing the overly wealthy out of towners thinking they now own our town because they have \$\$\$. This whole town has turned into a shithole.	4/16/2025 4:37 PM
211	Those that have slips understand the wake zones. Those that rent or drop boats in for the day often do not. Posting information at the boat ramps and at places that rent watercraft should be increased.	4/16/2025 4:37 PM
212	I think that overall we have safe and responsible boating community	4/16/2025 4:37 PM
213	None	4/16/2025 4:36 PM
214	You might limit boating (or increase no wake zones) during sailboat races for safety. Also, enforcing regulations about boating right of way rules might help maintain orderly boating, particularly in the channel as well as getting to it. There seems to be a very wide range of knowledge about it. It's common to see a seasoned boater become frustrated with those renting crafts who don't know or don't follow the right of way rules.	4/16/2025 4:34 PM
215	I wouldn't change them, maybe protect by safe harbor and red dock a little more.	4/16/2025 4:34 PM
216	I would support tubing / skiing activities being banned or limited. It's not a great body of water for it and with the traffic, that is the only danger I've seen.	4/16/2025 4:33 PM

Kalamazoo Lake No-Wake Regulations

217	Making the entire lake no wake, isn't going to remedy the issues residents are concerned with. There are already no wake regulations in effect that aren't enforced. I once witnessed a county officer yell at a yacht club member for calling about someone breaking wake laws saying that "their job isn't the yacht clubs private security". Let's enforce the laws we have before adding more. All that is going to do is punish the law abiding citizens. I already have a 40 minute ride down the river to get to the lake. Making Kalamazoo lake wake free would make it over an hour... it's just not necessary.	4/16/2025 4:32 PM
218	Dredge it. Mark the channel. Do not add wake restrictions.	4/16/2025 4:27 PM
219	We live on Silver Lake, connected to Kalamazoo Lake by just a small stretch of river, and as an all sports lake, we fear the increased traffic on our lake if Kzoo goes no wake. As long time residents of town, and people who love it for what it is, changing that stretch of water to benefit a select few well to do people, flies in the face of what we love about our community. Keep this town fun.	4/16/2025 4:24 PM
220	Regulations and boundaries are confusing	4/16/2025 4:24 PM
221	N/a	4/16/2025 4:24 PM
222	Enforcing the boat tie up length at Saugatuck does not dock.	4/16/2025 4:23 PM
223	Enforce current wake regulations.	4/16/2025 4:20 PM
224	None	4/16/2025 4:20 PM
225	enforce current laws	4/16/2025 4:16 PM
226	There should be a no wake area on the channel to the west of the bridge. Boats increase their speed & create a large wake right next to all the slips along East Shore Condos. There is no need for the no wake on the east side of the bridge. It is only a marsh area with no homes or boat slips. Fishing boats are the worst! People slow down or speed up because of the no wake under the bridge which creates enormous wakes on the west side of the bridge!	4/16/2025 4:16 PM
227	Need to add patrol hours for marine patrol. They currently do 950 hours and additional would help	4/16/2025 4:13 PM
228	I slipped my boat on the Saugatuck side of Kalamazoo Lake and even though it's fairly large, on Saturday and Sunday afternoons it can be too rocky to sit on at the slip due to all of the wake from the activities on the lake	4/16/2025 4:09 PM
229	Nothing. This area has more than enough law enforcement.	4/16/2025 4:07 PM
230	If you go to no wake, it should be for everyone, not just certain size boats.	4/16/2025 4:06 PM
231	The lake is increasingly being used by inexperienced boat renters or visitors that bring small self-propelled paddle boards and kayaks. For the safety of all, speeds should be reduced to no-wake.	4/16/2025 4:05 PM
232	We rented the end slip at Tower Marina for around 15 years. Our boat was damaged numerous times by being slammed into the dock by boat wakes. Boats have gotten bigger, heavier, and more powerful, thus making wakes that are far too dangerous in a small Lake Kalamazoo. We eventually sold our boat and bought another boat that we keep in Grand Haven on Spring Lake that enforces a no wake zone. I'm not the only large vessel owner who feels strongly about this issue.	4/16/2025 4:01 PM
233	None	4/16/2025 3:59 PM
234	No concerns as it is currently	4/16/2025 3:51 PM
235	No wake!!	4/16/2025 3:51 PM
236	Priority should be given to active boaters. Boats in slips are great for the users and marinas but should not impose on navigable waters. Putting unnecessary restrictions on boaters to increase the value received by non-tax paying seasonal visitors is wrong.	4/16/2025 3:51 PM
237	One concern for safety with the wakes is while getting fuel at Sergeants	4/16/2025 3:43 PM
238	The sailing school dominates the lake everyday. Always dodging kids in boats	4/16/2025 3:40 PM
239	Na	4/16/2025 3:36 PM

Kalamazoo Lake No-Wake Regulations

240	Na	4/16/2025 3:35 PM
241	I live in the lake near Sergeants Marina. I see no reason to make any changes to the regulations.	4/16/2025 3:33 PM
242	I see on some smaller self drive boat rentals, passengers are not wearing life vests.	4/16/2025 3:29 PM
243	The lake should be No Wake all the time. As a teenager we would occasionally ski on the lake. Now it's way too crowded with boat types that didn't exist 20-30 years ago.	4/16/2025 3:26 PM
244	The huge increase in rental boat businesses over the past 10 years, has resulted in a mob of inexperienced and dangerous boats flooding the Kalamazoo river every weekend. Rental businesses should require boating safety course basics before renting boats. Most of these people do not even understand the basic notion to stay out of boats way that are larger than them, stay close to the shore, and be aware of what's going on around you.	4/16/2025 3:26 PM
245	None	4/16/2025 3:24 PM
246	I launch at Shultz park this will drastically increase boating time to reach Lake Michigan	4/16/2025 3:19 PM
247	None	4/16/2025 3:11 PM
248	Limiting overnight anchoring where Lake KZoo becomes the channel. Can be extremely difficult navigation through the anchor lines when there are a lot of boats anchored. Rental boats are the biggest hazard as they have no clue what they're doing and don't know safety regulations.	4/16/2025 3:08 PM
249	No wake is desperately needed for safety	4/16/2025 2:53 PM
250	I would like there to be a plan to ensure safe water depths while lake levels fluctuate	4/16/2025 2:52 PM
251	Please make it all "No Wake". I'm a lifelong Saugatuck/Douglas boater and there is zero need to create a wake in what little open water exists in Lake Kalamazoo. It's too small to safely tube or waterski. More importantly, at most, the time saved by going fast from one side of the lake to another is just a few minutes. It's crazy that a single boat is allowed to rock hundreds of boats for his/her brief amusement.	4/16/2025 2:51 PM
252	We have had a boat in Saugatuck since 1973. Been at Sergeants marina since 1980 and owner of 2 slips since 1987. The wakes have been an occasional problem as long as we have been there. It has escalated in the last 5 or 6 years with the increase in size of boats, rental boats and number of boats. There are times it is not safe to try to get on and off docked boats. We have had dockmates go home because the constant motion lead to sea sickness. We have a fuel dock and it is totally unsafe for our employees to be leaning down or sitting on the dock to accommodate fueling smaller vessels. The rocking and rolling has also increased the possibility of a fuel spill. Kalamazoo lake is a small body of water and in our extensive cruising in Lake Michigan have never been in a port with a no wake zone as lack as Saugatucks. We have had damage to our boat in the past. There was no point in reporting it as the boats were outside the no wake zone. I very strongly recommend the entire lake be designated a no wake zone before a serious accident happens.	4/16/2025 2:50 PM
253	There are boats constantly using the eiver and creating wakes. And it seems there is very little enforcement. I don't know how many times people at our marina get their boats bounced around and we are yelling no wake. By making the Kzoo lake and river all no wake then maybe we can eliminate these problems.	4/16/2025 2:49 PM
254	This is a tough issue because the safety and comfort of many are disrupted by a select few. Boaters are responsible for their own wake and how that wake affects others. But like many other issues that only works if those causing the wakes cared. I feel that the entire lake should become a no wake zone. That will reduce wake related issues and keep dangerous speeds down at night	4/16/2025 2:46 PM
255	None.	4/16/2025 2:45 PM
256	Freedom on lake is adequately restricted now	4/16/2025 2:42 PM
257	Current rules must be strongly enforced...if not coincidences people won't follow.	4/16/2025 2:33 PM
258	Lake Macatawa expanded no wake rules and it is much safer to be on slower vessels. We own a large boat so it is no wake for entire lake. But we don't mind because watching near misses between other boats is not good.	4/16/2025 2:33 PM

Kalamazoo Lake No-Wake Regulations

259	I thought it was already no wake for >26ft. The current regulations are fine. No need to change.	4/16/2025 2:26 PM
260	Boating police do not pay attention to drunk boaters or dinghies that do not travel in a direct line and make it dangerous for other boaters, nor do they pull over pontoons or other boats that are above occupancy limits. These things are extremely important and all that I see the police doing is checking fire extinguishers. Stop wasting taxpayer money on vessel checks and go after the party boats.	4/16/2025 2:23 PM
261	More Boeys for shallow areas	4/16/2025 2:22 PM
262	There is absolutely no rationale for allowing power boats that are designed to generate wake for wakeboarding and wake surfing to have their wake generating capabilities activated on Kalamazoo Lake; the waterway is no where near adequately large to absorb the wake energy before the waves strike boats that are moored, not only causing damage, but risking injury to anyone on a docked vessel.	4/16/2025 2:22 PM
263	I believe your policies are fine the way they are, the DNR & Sheriff already does an excellent job!	4/16/2025 2:19 PM
264	You should not be in a hurry when you are on the boat anyway, relax. Also, having the fuel dock board ring the lake causes lot of error for spills. You have a lot of community tax payers with boats on the water, that also are inhibited by enjoying their space when people are making lots of wake in the lake. This also causes damage to boats at marinas, not to mention people boarding and exiting their boats on the lake.	4/16/2025 2:14 PM
265	Paddle Boarders and kayakers need to yield and move over to boats in the channel. Often there will be a group of 5 or more side by side not allowing anyone to pass them.	4/16/2025 2:03 PM
266	Most of the safety concerns that I have seen are due to rentals to inexperienced voters.	4/16/2025 2:01 PM
267	Difference of opinion by law enforcement on no wake.	4/16/2025 1:59 PM
268	Kalamazoo Lake is really very small for recreational use but if people want to tube or ski in a small circle I'm not against it. I do like it that if I want to get across it quickly I can go at wake speed. I am OK with restricting large wake production that comes from larger boats and wake boats.	4/16/2025 1:58 PM
269	For heavens sake why are there not solar panels (or something like that) to light up the bogeys in the water to see how to get back in from Lake Michigan at night? Even if they are super dim, just something so we can see how to navigate in the dark?	4/16/2025 1:58 PM
270	Fix the size of the boat and that will fix a lot of the issues.	4/16/2025 1:55 PM
271	I am a "live aboard" during the summer season so I am at the lake every morning and evening and full time on the weekends. It should be noted that there is very little to no tubing or water-skiing taking place on the lake so the impact to these water sports would be minimal. Additional travel times across the lake due to a no wake zone would add less than 5 minutes to a trip and it already takes 20 to 30 minutes to get out to Lake Michigan so adding less than 5 minutes is meaningless. Furthermore, it is the "powering up" and "powering down" when boats enter the lake that creates the largest wake!	4/16/2025 1:53 PM
272	Enforcing appropriate lighting on boats that are anchored, minimizing flood light use on boats at night. Suggest also look at the use of the tender docks as people leave their boats there for the weekend including overnight.	4/16/2025 1:52 PM
273	None	4/16/2025 1:52 PM
274	Leave the boaters alone and stay out of boating.	4/16/2025 1:51 PM
275	I think the signage for the start and stop of the no wake areas is really confusing. Can signage be improved somehow?	4/16/2025 1:50 PM
276	No wake zone and noise ordinance on Kalamazoo River. Both need to be unforced, please.	4/16/2025 1:48 PM
277	Signage at boat launch(s) and bridge supports asking for common sense courtesy. Boaters owning or renting slips are not the problem, its visitors who launch.	4/16/2025 1:44 PM
278	Limit anchoring in Kalamazoo Lake	4/16/2025 1:44 PM
279	No	4/16/2025 1:41 PM

Kalamazoo Lake No-Wake Regulations

280	Knowledge of the SYC race programs race days to limit the amount of boaters going into the middle of their races.	4/16/2025 1:39 PM
281	Silver Lake is too narrow for wake boarding. Damage to boats and docks happens frequently.	4/16/2025 1:35 PM
282	With the low water levels this will also aid in limiting damage to many vessels whose captains are unfamiliar with the extremely shallow center of the lake. Many vessels will run aground and slower speeds equal lesser damages.	4/16/2025 1:28 PM
283	Obey current restrictions!	4/16/2025 1:25 PM
284	The usable area for water sports does not seem large enough to support wake boarding and tubing. Especially with the slower boats navigating through to the inlet.	4/16/2025 1:22 PM
285	The whole Kalamazoo Lake should be no wake! People have no consideration for the safety of others. We own a slip and the waves at times are uncontrollable! The gas dock at Sergeants Marina is very dangerous at times with the waves of inconsiderate drivers!	4/16/2025 1:21 PM
286	The lake needs to be dredged especially when the water is low like it is currently.	4/16/2025 1:17 PM
287	The entire area between the two bridges needs to be no wake. I have a dock finger in this area and boats from both directions speed by. It's unsafe for me as the waves are so bad I lose my balance on the boat and my boat hits the finger with force. These people don't care. I yell at them and they ignore. Never see an officer in this area. The Shultz park boat ramp produces many offenders as well as those coming from the lake east going west. We've asked for years for the no wake zone and nobody in an official capacity does anything. The sheriff just laughed when I asked, not that he doesn't care but good luck.	4/16/2025 1:12 PM
288	Businesses that rent boats to the public need to do a better job at informing every renter what the no wake rules are.	4/16/2025 12:59 PM
289	Get rid of the rental boats. They have no idea of the rules of the high seas. The rentals create so much more chaos.	4/16/2025 12:52 PM
290	Boats should not be allowed to anchor near the entrance from the lake to the river.	4/16/2025 12:44 PM
291	The number of boats allowed to tie up in channel area reducing the space for boats to pass by, especially by ship and shore hotel. Very large yachts not paying for a slip instead just tying up to each other and making it very narrow through there.	4/16/2025 12:39 PM
292	There are plenty of police in area.	4/16/2025 12:38 PM
293	The wake made by boaters in the Kalamazoo Lake area causes a lot of rocking to boats docked along Singapore Yacht Club and Sergeants. I would like to see that area be a no wake zone.	4/16/2025 12:38 PM
294	No	4/16/2025 12:28 PM
295	One of the larger concerns is rental boat operators not being familiar with boating laws in general. They regularly do not follow the "rules of the road" and are a much bigger safety hazard. Additionally, many boaters learn the schedule of the Allegan County Sheriff and clearly break the law when they know the sheriff boat is not on duty.	4/16/2025 12:27 PM
296	Boating while under the influence of drugs or alcohol is a problem as it is clearly visible from the shore and from other watercraft. Additionally, public urination from watercraft is also seen and is a violation of many laws. Speed, substance use/abuse ENFORCEMENT IS NEEDED for safety and indecent exposure should never be allowed.	4/16/2025 12:26 PM
297	Limit boat size at dinghy dock	4/16/2025 12:21 PM
298	Ban wake boats. They are damaging the shoreline.	4/16/2025 12:20 PM
299	Those of us who go upstream are facing so many no wake zones that recreational boating has become too restrictive.	4/16/2025 12:17 PM
300	Safety must be first; the no-wake zone is needed to keep everyone safe. I am always concerned about the fueling activities at Sergeants with the wake zone. I have seen near misses of boaters almost colliding and also concerns about the safety of the ONLY place in town that we can obtain fuel. The protection of their personnel getting on and off boats to fuel	4/16/2025 12:13 PM

Kalamazoo Lake No-Wake Regulations

is dangerous. We have seen Wake come on the swim platform while fueling, making the back of the boat a dangerous spot.

301	More signage and markers. Perhaps depth markers for the very shallow parts of the lake?	4/16/2025 12:09 PM
302	I've lived on another lake that had a no wake rule before 11am and after 6 or 7 pm. This worked great as all types of boaters had use of the lake for their size and purpose. The rules were regulated and enforced, and worked very well.	4/16/2025 12:06 PM
303	None	4/16/2025 12:06 PM
304	Our permanent home is located right across the river from the ramp at Schultz Park. Our dock system is directly across from the Scultz Park ramp. Boaters speed to get to the ramp first and we have had so many "near misses" from other boats disregarding our attempts to back out of our dock. Our associates has begged you for years to mark this area a "no wake zone" to no avail.	4/16/2025 12:02 PM
305	Extend No Wake Zone to protect boat launch/Red Dock area and to better protect marina-docked boats.	4/16/2025 12:02 PM
306	To many rental boats who don't know the rules of the water. It has become very dangerous since the boat rental business has increased. More information for the rental companies regarding safety. They need to have a map on rental boats of buoy location and depth of water. Many times rental boats become dangerous as they don't know the river.	4/16/2025 11:46 AM
307	None.	4/16/2025 11:41 AM
308	Recreational opportunities drop in relation to boater density.	4/16/2025 11:40 AM
309	None	4/16/2025 11:39 AM
310	Boaters usually disregard the wake rules near the bridge coming into Lake Kalamazoo from the Douglas area. At least 25% of the boaters come out of the bridge and go full throttle in the wake zone. Please do something.	4/16/2025 11:36 AM
311	Thank you for considering this. I've seen multiple times where wakes have caused confusion and potential harm. If it does not change, we need significantly better signage to show what is and is not a wake zone.	4/16/2025 11:35 AM
312	Have none	4/16/2025 11:33 AM
313	Better regulation of rental boats. Have Allegan County Sheriff team pull over big boats when they are driving recklessly and creating wake. We have been in situations and they have told us they do not pull over the big boats. We have seen situations where big boats are going faster than the smaller boats and a smaller boat is pulled over while the big boat is ignored.	4/16/2025 11:26 AM
314	I have been boating on Kalamazoo Lake for over 50 years and never had an issue with people taking advantage of the wake zone. I feel there are enough State Patrols monitoring the situation especially during peek season. They do an excellent job enforcing the rules and regulations of the water. When the big lake is rough, it's nice to have Lake Kalamazoo as an outlet for water sports, such as tubing and water skiing. It would be a shame to see the entire lake being a no wake zone. It already takes an hour to get to Lake Michigan from where our boat is docked and if it was no wake zone, it would take another half hour. I strongly oppose to having a no wake zone	4/16/2025 11:21 AM
315	I strongly support the enforcement of no wake zone on the entire lake. With the variety of watercraft that share that water it is not safe for anyone have boats going at high speed. Water skiing, wakeboarding, etc. can happen on the big lake or go to an actual inland lake, not a wide spot on the river.	4/16/2025 11:17 AM
316	The current no wake zones to get to silver lake make no sense from KZOO lake and up the river. Those no wake zones up river should be removed.	4/16/2025 11:16 AM
317	No more regulations. Please!	4/16/2025 11:13 AM
318	Make sure it is clear to boat and deep enough.	4/16/2025 11:04 AM
319	There needs to be no-wake zones on the Kalamazoo River east of town (in the Township). We live on the river and boaters roar by, contributing to erosion.	4/16/2025 11:04 AM
320	My main concern is making sure boats are going super fast between Blue Star and 196	4/16/2025 11:01 AM

Kalamazoo Lake No-Wake Regulations

bridges; I understand the want to go a little faster in areas on the other sides of those bridges. Smaller boats aren't nearly as big an issue as the bigger boats.

321	No wake should be expanded by Shultz Park and the I-196 Bridge.	4/16/2025 11:01 AM
322	Kalamazoo Lake is an extremely important boating asset. I grew up on Kazoo Lake, our family had a boat at Singapore Yacht Club, and my wife and I had a slip at Singapore for 20 years. Boat wakes were never a safety concern. NEVER! I am 100% OPPOSED to any changes to the no wake status. It's especially important to have a place to teach young kids how to operate a boat, and Kazoo Lake is the perfect, and only place for that.	4/16/2025 11:01 AM
323	Increased signage for low water areas would be useful. Specifically, the route between the Blue Star bridge and the dinghy dock in Couglin Park.	4/16/2025 10:59 AM
324	Damage to other boats	4/16/2025 10:58 AM
325	Dredge the lake to make it deeper	4/16/2025 10:57 AM
326	Limit how many boats can be linked together, especially when they extend into the river. A great example: when there are 5 to 7 boats linked side-by-side and with multiple rows in front of the Barge and Ship N Shore. Barely enough room for two-way traffic.	4/16/2025 10:56 AM
327	There is no need to "hurry" anywhere if you are on a boat	4/16/2025 10:49 AM

Q14 Do you have any comments or suggestions regarding no-wake regulations?

Answered: 322 Skipped: 446

#	RESPONSES	DATE
1	Simple bouys down the middle should do it	5/30/2025 12:00 PM
2	What is in place today is insufficient and not enforced. The harbor area is not suitable for high speed, as it is too damaging to all surrounding areas and other boating, kayaking, canoeing that is done in the area	5/30/2025 8:04 AM
3	Stop catering to the 1-2% of complainers and out of towners that want to change everything.	5/30/2025 6:52 AM
4	I strongly oppose!!!! This would NOT be a good thing!!!	5/29/2025 9:10 PM
5	I do not agree with it! If this passes then we are going to start having issues on Silver Lake. The problems going to be people won't go to Lake Michigan, but they will come to Silver Lake instead. Silverlake is that big enough to support that many boats.	5/29/2025 8:47 PM
6	Make sure Buoy's are in the correct place	5/29/2025 3:25 PM
7	Add more manpower to enforce the no wake rules already in place: ie, close to marinas	5/29/2025 12:29 PM
8	No	5/29/2025 11:13 AM
9	No...it's properly regulated by the sheriff.	5/29/2025 9:00 AM
10	If anything the sheriff should enforce the no wake in the river more than they are currently.	5/29/2025 6:55 AM
11	I do not see that any changes are needed.	5/28/2025 11:05 PM
12	No	5/28/2025 10:54 PM
13	Let's stop it!!!	5/28/2025 6:44 PM
14	No	5/28/2025 6:37 PM
15	No. It's fine now and if expanded it would be an improvement	5/28/2025 6:31 PM
16	See last answers :) need a bit of sake or that is a loooong trip from silver lake to the big lake ha	5/28/2025 6:19 PM
17	Stop the Saugatuck micromanagement. This and the new STR restrictions are government overreach and will harm businesses in Saugatuck.	5/28/2025 5:49 PM
18	X	5/28/2025 4:49 PM
19	Na	5/28/2025 4:21 PM
20	Make it a total no-wake zone.	5/28/2025 4:10 PM
21	Unfortunately, it's already hard to police and increasing no wake areas will be difficult to enforce.	5/28/2025 3:49 PM
22	The largest safety concerns are the Marinas and the red dock. Their is a Fuel dock on the lake that can see some issues with wakes as they are fueling or waste pump outs. This is a very important decision for the safety on the lake. If you timed it to cross the lake with a wake verses a no wake its about 4-5 min difference. Some traffic can save a life within 4-5 Min, something to think about?	5/28/2025 3:40 PM
23	See above. I support more enforcement. Really don't think we need more regulation. Certainly don't need an expanded SNW zone. Throw some cameras up if you really wanna know if there's an issue. Don't listen to old tottering squeaky wheels...or take their word for it without evidence. Be sure any actions taken do not make operations more unsafe for the Yacht Club sailing program, which is the most consistent user other than the Star of Saugatuck. And while	5/28/2025 3:18 PM

Kalamazoo Lake No-Wake Regulations

I personally think the Lake is a lousy place for most tow sports, fairly low speed foiling (8-10mph) could easily be done without impact and should not be restricted.

24	no	5/28/2025 3:15 PM
25	Thank you for taking this on.	5/28/2025 2:36 PM
26	It is very dangerous with the way it is now! It needs to be no wake	5/28/2025 2:06 PM
27	I think the no wake areas were put in place when boats in the harbor were smaller and there were many less boats in the harbor. Times have changed. Boats are larger, heavier, and there are many more. The number of rental boats grows continuously. The majority of people operating them seem to have no knowledge of the rules of the road on the water.	5/28/2025 2:03 PM
28	No wake is best for everyone	5/28/2025 1:08 PM
29	Unless accident data shows a compelling reason including an upward trend, we should continue enforcing the regulations as they are today.	5/28/2025 1:06 PM
30	Make the whole lake no wake	5/28/2025 1:04 PM
31	Make it happen:)	5/28/2025 1:00 PM
32	Publicize the existing laws about limiting wakes around marinas.	5/28/2025 12:50 PM
33	In 24 years of boating on Lake Kalamazoo, I have never had a problem with wake related issues or incident.	5/28/2025 12:43 PM
34	The river is a recreational gift the citizens of Saugatuck and Douglas have enjoyed for a very long time. Boaters need to be safe and held accountable for their actions so everyone on the water can enjoy their chosen activity for years to come.	5/28/2025 12:38 PM
35	I appreciate your concern for boaters and non boaters safety. Many times inexperienced or "show off" boaters go fast, and cause a danger to themselves, others in small boats, and businesses that are on the water and are affected by wakes on their businesses, docks and clients. Thanks again!	5/28/2025 12:15 PM
36	No	5/28/2025 10:53 AM
37	No wake on the entire Kalamazoo lake.	5/27/2025 12:33 PM
38	No wake at all.	5/27/2025 7:44 AM
39	I think that all of Lake Kalamazoo should be no wake for all boats and jet skis.	5/26/2025 12:37 PM
40	No	5/26/2025 7:01 AM
41	Thank you	5/25/2025 8:13 AM
42	There should be more education of rules of the waterways. Every marina, boat rental and watersport provider should post these "good manners," customs, and laws. Specifically boat renters need to comply. Also the Allegan County marine patrol should be present and patrolling on the water Friday through Sunday during the "season."	5/17/2025 4:42 PM
43	I have never experienced any wake related problems in the 20 years. I've been using Lake Kalamazoo current restrictions are sufficient.	5/15/2025 10:20 AM
44	We need an active and KNOWLEDGEABLE Harbor Authority. Surveys like this can be misleading. opinion v knowledge. This harbor needs a lot more attention than just no wake	5/14/2025 3:53 PM
45	I have no concerns or suggestions. Keep it the same!	5/14/2025 3:37 PM
46	Disagree fully of a no wake on entire area. Boaters should have full use of the lake area for which ever boat they own. Common sense and number of boaters present limits speedy activities	5/11/2025 10:31 PM
47	Enforcement not removal	5/9/2025 7:59 AM
48	Enforcement will be important for the initial period as boaters understand what a no wake means with their vessel. Initial warnings by local law enforcement backed up by other boaters who can report violators will ultimately lead to everyone knowing the rules of the road.	5/6/2025 3:52 PM

Kalamazoo Lake No-Wake Regulations

49	We really do not see a problem with boaters neglecting the no wake rules. Does it happen, yes, very rarely but don't punish all of us for the ignorance of very few. Maybe post signs w/fines, and enforce those fines to stop it.	5/3/2025 8:28 AM
50	More police on the water.	4/30/2025 4:24 AM
51	Extend the SNW zone from Sergeants Marina further into Kal Lake if that marina is the one complaining of vessel damage. Otherwise, I do not see a need to limit anymore of the waterbody as it already takes forever to get through it.	4/29/2025 9:30 PM
52	Our children love tubing. We are always respectful of wake zones. We don't think these restrictions are necessary. There is no other safe place for children to tube on the lake, as Lake Michigan is often too rough and our pontoon too small.	4/29/2025 7:17 PM
53	Enforce existing regulations, more boating restrictions is NOT the answer!!	4/29/2025 10:27 AM
54	I believe we should have the current wake laws enforced more vigorously. We should have the Sheriff department provide more resources directly on Lake Kalamazoo and the canal to enforce the current laws. I think putting forth an effort to educate the public on the current wake laws would be very helpful. More obvious and visible signage could be helpful. I live directly on Lake Kalamazoo where I own and dock a boat and have for the last 10 years. I enjoy watching the families that come to Saugatuck to participate in the water recreational activities we are so blessed to have. Every day in the summer I watch the boaters, tubers, jet skiers, paddle boarders, and kayakers. Even on days that are less than ideal, I see families out enjoying the water on Lake Kalamazoo because that is the time they have taken for their summer vacations and have chosen Saugatuck to bring their entertainment time and dollars to. I have even watched a float plane land on Lake Kalamazoo. I am a boater and an experienced kayaker myself. I have a good deal of kayaking and boating experience. I have kayaked for a week long trip in Canada and have kayaked in Valdez, Alaska. I am also trained in kayak rescue. I have seen and assisted kayakers on the canal going out to the big lake in trouble due to the normal big lake wave action and the traffic on the canal but I have never seen anyone have an issue on Lake Kalamazoo. There is already a large area that is a no wake zone and plenty of space for kayakers and paddle boarders if they are not comfortable with the wave action as more experienced are. Michigan Law already states that there is to be no wake 100 feet from any boat dock, etc. Let's enforce the current no wake law for the safety of those boats docked along the shore and protecting safe areas for kayakers and paddle boarders. Let's educate boaters about that law before making more laws that are just as challenging to enforce. In addition there is a bill (HB 5532) in our state legislature that has been proposed but not passed yet prohibiting wake boarding within 500 feet of any dock and must have 20 feet of depth. I think Lake Kalamazoo is too small for any wake boarding activities and I have never seen any wake boarding activity on Lake Kalamazoo. But I would support a restriction on sport wake boarding, but am strongly opposed to additional total ban on wakes on Lake Kalamazoo. We must continue to encourage tourism in our town as it is our only industry. Making the whole lake a no wake would send the families that come in the summer to Saugatuck elsewhere.	4/28/2025 11:00 AM
55	I don't have an issue, keeping them exactly the way they are	4/27/2025 8:13 PM
56	Leave it alone	4/27/2025 6:21 PM
57	No	4/27/2025 11:26 AM
58	There is more than enough	4/26/2025 5:21 PM
59	Wake boats are designed to create a huge wake and need to be addressed at the state level.	4/25/2025 12:49 PM
60	Fisherman in the early morning constantly violate the no wake zone and rock the boats slipped between their slips and the Sergeants gas dock	4/25/2025 7:28 AM
61	No	4/24/2025 8:43 PM
62	I slip in Holland but spend a lot of time in Saugatuck. Been boating for the past 20 years there. I feel the no wake should be expanded to anything on the saugatuck side of the Blue Star bridge. With all the docks and the shallowness of the lake. I've been tossed into the dock quite a few times while at the shoppers dock or at Red Dock. Also with all the anchoring watercraft, there's not much room to maneuver.	4/22/2025 3:28 PM
63	there have been studies that show that wakes don't effect the environment of safety	4/21/2025 7:20 PM
64	Loosen the regulations not strengthen!	4/21/2025 7:20 PM

Kalamazoo Lake No-Wake Regulations

65	You should look at the recent changes made on Lake Macatawa. Where the entire lake is no wake within 300' of the shoreline. That could be a good alternative for the small boats to still have a path through the middle of Kalamazoo Lake and then restricting the entire lake to no wake for vessels 26' and over. Food for thought	4/21/2025 4:36 PM
66	See previous comment. There is far too much no wake area.	4/21/2025 3:43 PM
67	Based on question 12 - If we want more and better enforcement, then we're going to need to pony up and pay for more patrols. I think our law enforcement is spread too thin for the things they have to deal with and the extras the people demand of them. And if we do this, then who exactly will pay for it? Maybe it should be those in the marinas, and not necessarily John Q Taxpayer on Main Street. I've boated Saugatuck for over 30 years, and don't recall hearing about a single significant event caused by wake from Kalamazoo Lake. The biggest thing that's happened was a drunk guy ran into the bridge years ago, and that was at night. My other concern is I know Lake Kalamazoo is split between two different local jurisdictions. From what the DNR has said, both would have to agree on this. If they don't, how do you propose splitting the Lake? The DNR also said it's near impossible to reverse such regulations when put into place, and the guy in Lansing has said it's only happened once he knows of, and that took years to change.	4/21/2025 3:19 PM
68	Please don't add anymore regulations.	4/21/2025 2:46 PM
69	More signs. Include the fees.	4/21/2025 10:21 AM
70	The lake is too small and too busy to allow full-speed boating. It is not just a safety risk for marinas but also for canoes, paddleboards, and the small sailboats the yacht club uses. Low water levels have also made the useable area of the lake even smaller which exacerbates the problem.	4/21/2025 7:51 AM
71	No, just that I oppose a blanket ruling as it already is such a long drive to Lake Michigan	4/20/2025 10:27 PM
72	Enforce them	4/20/2025 11:29 AM
73	No	4/20/2025 10:32 AM
74	Stop taking my rights away	4/20/2025 7:32 AM
75	I thought Kal Lake was already no wake for vessels over 26'. I always observe no wake in my 27' boat. I also have a whaler (11') I do get on plane to cross Kal Lake in that. I would be in favor of no wake for 26' and larger and strict enforcement of this. There are a few bad actors w big boats ripping around. give them hefty tickets.	4/20/2025 12:46 AM
76	One consideration for the survey is the Freedom Boat Club. I responded that I do not own a boat, since I do not. I am a member of the Boat Club, though, and use the lake very regularly throughout the summer.	4/19/2025 8:41 PM
77	Refs are good. Enforce them	4/19/2025 6:50 PM
78	More wide-spread no wake areas. Enforce!!!!!!	4/19/2025 4:45 PM
79	We already have the regulations that would protect boats in slips in the lake. They need to be enforced.	4/19/2025 2:05 PM
80	I live on the Kalamazoo River across from Oxbow, so I am more familiar with the issues we have further down the river. Overall, when boaters get to that point, the no-wake rule on the river is not honored or regulated by my home/dock. Perhaps this is because boaters are further away from Kalamazoo lake and there is very little enforcement for most of the year, but we are for making the entire Kalamazoo a no-wake zone and keeping just the big water (Lake Michigan) the wake zone. It is so bad that most homes are required to have a sea wall to protect from erosion and our boats on lifts and in the water and jostled around by the wake of boats flying up and down the river at all times of the day.	4/19/2025 11:13 AM
81	No wait at the gas dock	4/19/2025 8:50 AM
82	Needs enforcement of current regulations more than just Saturday and Sunday	4/19/2025 7:33 AM
83	Leave things as they are	4/18/2025 11:25 PM
84	spend your efforts in more important areas. change will hurt the majority that do it right and change will also hurt tourism	4/18/2025 11:25 PM

Kalamazoo Lake No-Wake Regulations

85	none required	4/18/2025 11:21 PM
86	ok as is	4/18/2025 11:16 PM
87	no changes needed	4/18/2025 11:12 PM
88	focus on the few that cause the problems vs taking the rights away from the 99% that follow the common sense rules	4/18/2025 11:03 PM
89	Wakes have NEVER ONCE been an issue in 20 years of boating on lake Kalamazoo	4/18/2025 8:46 PM
90	No wake needs enforcing	4/18/2025 6:23 PM
91	Wake boats are designed to make huge damaging wakes and need to be address seperately from normal boats/boaters. Need law at state level to address this	4/18/2025 4:29 PM
92	No wake regulations used to be enforced more. Should be more restrictive and enforced more on all boats regardless of size on Kalamazoo Lake. Boaters wanting to speed and ski have the option to do it on Lake Michigan where wakes are not dangerous to others. Boats tied up in marinas suffer damages from the constant wakes. And it is more difficult to board boats while there are wakes especially for seniors and disabled persons.	4/18/2025 3:51 PM
93	No	4/18/2025 2:21 PM
94	the people who know the rules aren't the problem, enforce the laws	4/18/2025 2:00 PM
95	As a sailing instructor who spends 30+ hours on the river each week during the summer I have seen that the current no wake area is large enough. It would take away by limiting wake completely and make sailing more dangerous as it would be harder to help	4/18/2025 1:13 PM
96	Enforcement will be the big issue, we need more marine patrol. All vessels should be forced to follow no wake rules (including the Star of Saougatuck!!). Convenience of boaters to get out to and in from the lake should not preclude safety. Post signs (and law enforcement discuss with) those businesses that offer boat rentals to ensure they are made aware of the no-wake restrictions.	4/18/2025 1:07 PM
97	address the specialized wake boats that are made to put out a huge wake	4/18/2025 12:24 PM
98	Leave it how it is	4/18/2025 11:04 AM
99	See above.	4/18/2025 9:20 AM
100	no change needed	4/18/2025 8:35 AM
101	No additional regulations are needed.	4/18/2025 7:59 AM
102	Boat wakes on Lake Kalamazoo pose more than safety issues. They also pose an issue at fuel docks and public docks. Large and/or excessive amounts of wakes make it difficult to tie up and can damage rub rails around boat decks.	4/18/2025 7:57 AM
103	I will work hard to vote anyone out of office who votes "YES" for this proposal	4/18/2025 7:52 AM
104	no	4/18/2025 7:12 AM
105	the way it is seems to work with exception of wake boats could be addressed	4/18/2025 4:16 AM
106	ok as they exist, wake boats should be addressed as the only change needed.	4/18/2025 4:03 AM
107	I'm curious how the low water level effects wake and possible problems in marinas etc.	4/17/2025 11:13 PM
108	Common sense should prevail here. 26 feet and up should be no wake. Michigan already has laws covering most other situations. These just need to be enforced. I have been crossing Lake Michigan to come to Saugatuck for 20 years. I generally anchor in Kalamazoo lake. This isn't a huge problem. Additional patrols and education would likely achieve the desired results. I am not a fan of ticketing offenders unless they are belligerent.	4/17/2025 9:08 PM
109	Stop the government intrusion. Saugatuck is killing Saugatuck.	4/17/2025 7:09 PM
110	na	4/17/2025 6:12 PM
111	Large boats 30' and above seem to not follow no wake speeds/wake as well not give other boats space when in busy channel lanes.	4/17/2025 3:58 PM

Kalamazoo Lake No-Wake Regulations

112	No	4/17/2025 3:08 PM
113	I like it the way it is now and has always been.	4/17/2025 2:59 PM
114	We do not need additional no-wake regulations.	4/17/2025 2:14 PM
115	Enforce them better	4/17/2025 2:02 PM
116	Must be 100' from a dock would solve much of this but Sheriff water patrol isn't willing to enforce this part of MI law! Change this first!!	4/17/2025 1:29 PM
117	Strictly enforce them	4/17/2025 1:27 PM
118	Please make all of the Kalamazoo river no wake!	4/17/2025 1:20 PM
119	No wake generating vessels	4/17/2025 12:55 PM
120	They're ok in the right situation but steer clear of overreach. Just not worth it.	4/17/2025 11:48 AM
121	The number of boats that violate the existing no wake zones during the shoulder seasons is high.	4/17/2025 11:31 AM
122	This issue seems like a solution looking for a problem. I have docked my boat on Lake Kalamazoo for years and believe establishing a no-wake zone over the entire lake may be overkill based on the grievances of a few.	4/17/2025 11:10 AM
123	I strongly support no-wake for the entire lake. I've been boating in Saugatuck for over 15 years and (maybe due to lower water levels in the past), wake was never really an issue. If someone sped up across the lake for passing, not that huge of a deal, but people now regularly tube or, even worse, wake board in the lake, causing the literally 100s of boats at marinas to smash against the docks. Makes it hard for us to want to stay for the weekend sometimes. So many boats last year regularly wove in and out of the bouys and cut off boats navigating that it was just ridiculous and terribly dangerous! The sheriff and other enforcement is stretched thin, so we appreciate what they do, but there's no way they can see all the danger that is out there with wake being allowed.	4/17/2025 10:31 AM
124	I am strongly opposed to the no wake zone. It is not necessary as we have been boating on Lake Kalamazoo for over 40 years. The state troopers monitor the area very well. No need to make the entire lake a no wake zone.	4/17/2025 10:19 AM
125	I understand why there'd be a no wake for Goshorn lake but making The Kalamazoo all no-wake would be silly.	4/17/2025 9:55 AM
126	There should not be wakeboarding tubing allowed before 9 AM or after 7 PM.	4/17/2025 9:21 AM
127	Ban wake board boats, post signs at launch ramps so people know	4/17/2025 9:07 AM
128	Nope	4/17/2025 9:04 AM
129	n/a	4/17/2025 8:57 AM
130	The no wake zones are ready not enforced, and the ones we have are sufficient. It already takes a half hour to get to the lake from Shultz park. This would only "help" those that can afford a slip.	4/17/2025 8:47 AM
131	I have had a boat at Singapore Yacht Club for years. I have seen many instances of wakes causing falls of people standing on boats or entering or getting off boats. There has also been damage to boats from wakes crashing into pilings.	4/17/2025 8:40 AM
132	Just to get them in place to limit damage and safety concerns.	4/17/2025 8:33 AM
133	I don't think that the Kalamazoo Lake needs to move quite a slow as going down the channel to get out to Lake michigan. I don't think that pace is necessary for safety	4/17/2025 8:24 AM
134	Please leave it as it is.....	4/17/2025 8:16 AM
135	As above	4/17/2025 8:08 AM
136	see above	4/17/2025 8:01 AM
137	I am very happy to see this finally being discussed/addressed. The damage and risk with the lack of no-wake zones is extreme.	4/17/2025 7:28 AM

Kalamazoo Lake No-Wake Regulations

138	The no wake should extend east uo the river . Aluminum fidhing boats are guilty of speeding past residents homes along the river and kayakers. There is little enforcement east of the 196 bridge.	4/17/2025 7:22 AM
139	Holiday weekends should be NO WAKES ZONES ON ALL OF KALAMAZOO LAKE. FRIDAY TO MONDAY.	4/17/2025 6:53 AM
140	At the very least, we need more enforcement of no-wake rules in Kalamazoo Lake.	4/17/2025 6:18 AM
141	My feeling is that the Kalamazoo Lake, from the bridge to the pier-head on Lake Michigan should be a no-wake zone, and enforcement activities increased for violators.	4/17/2025 6:11 AM
142	Up river no wake more, by each bridge and up river more.	4/17/2025 4:44 AM
143	Smaller boats and dingys should be exempt but boats over 25 foot should be enforced no wake.	4/17/2025 2:47 AM
144	More enforcement and educating rental boats	4/17/2025 12:24 AM
145	No	4/16/2025 11:14 PM
146	Noise produced by wave runners, in addition to safety issues.	4/16/2025 11:07 PM
147	no	4/16/2025 11:04 PM
148	Leave well enough alone and more patrol.	4/16/2025 11:00 PM
149	Lake Kalamazoo is a fantastic place to ski/wakeboard or tube during non peak times. I fully understand the desire to increase safety and regulate the no wake situation a bit. But completely eliminating it would be a detriment.	4/16/2025 10:48 PM
150	No wakeboarding, water skiing or tubing. They can go to silver lake or lake mi.	4/16/2025 10:38 PM
151	Lake Macatawa in Holland is a lot larger and they have large no wake zones! Kalamazoo Lake needs to be made a no wake lake before someone is hurt or even killed.	4/16/2025 10:33 PM
152	see above	4/16/2025 10:15 PM
153	I believe it should be no wake because it is confusing for all the rental boat people, they aren't sure if the no wake is before or after the bouys! The non boaters renting pontoon boats are really the biggest problem with safety,and wakes in the no wake zones,we see over and over and over again	4/16/2025 10:15 PM
154	Love seeing all the young sailor's from the SYC and their coaches out there, they follow the rules and should be exempt from any new regulations	4/16/2025 9:54 PM
155	only for over 28 feet	4/16/2025 9:34 PM
156	NO	4/16/2025 9:28 PM
157	For the safety of the people that live on there boats in that area. No wake zone should be for the whole lake. People have to be responsible for their wakes and they do not do that cause the wakes keep rolling in. There are a lot of elderly people that live on their boats and on week ends it is very dangerous.	4/16/2025 9:16 PM
158	No wake zones keep the soil around the river banks from eroding	4/16/2025 9:15 PM
159	Do better with with to tools you already have in place	4/16/2025 9:15 PM
160	There are simply too many boats in a small area to allow wakes. Docked boats are constantly getting rocked, sometimes violently. K-Zoo "Lake" is really just a wide portion of the river and there are too many inexperienced recreational boats out there. Surprised there aren't more serious accidents. Much easier to enforce no wake everywhere than segmenting it. Limited times would be a fiasco and so difficult to enforce.	4/16/2025 9:12 PM
161	Put it in place and enforce it!!!	4/16/2025 9:08 PM
162	Fine as is	4/16/2025 9:04 PM
163	The whole purpose of Saugatuck is for tourism etc, please don't change something that works	4/16/2025 9:03 PM
164	Need to be clarified and enforced.	4/16/2025 8:49 PM

Kalamazoo Lake No-Wake Regulations

165	Just stop.... This community is ridiculous about all their politics...it's exhausting... We're just going to start voting you out.	4/16/2025 8:47 PM
166	Licensed boaters only!!	4/16/2025 8:45 PM
167	The current configuration is worth saving. With changes in boats and people a size and horsepower limitations is in order and as a courtesy to the slip holders I can agree with time limits. This would also improve safety. Wakeboarding does not belong here as the body of water is too small. To remove the area completely creates a safety hazard. This is where I as well as many other youth of the area learned to boat. The big lake is not a place for kids even on a calm day. There is a middle ground but it does require consistent enforcement to be effective.	4/16/2025 8:44 PM
168	No Wake zone anywhere near Red Dock.	4/16/2025 8:37 PM
169	Leave as is.	4/16/2025 8:30 PM
170	Restricting the size of the boat. Restricting boat rentals to keep their customers no-wake. Maybe a fine for the rental companies who's customers break the rules	4/16/2025 8:22 PM
171	The more restrictive, the better for all.	4/16/2025 8:20 PM
172	No Wake	4/16/2025 8:02 PM
173	Again, there is no one to patrol and enforce these regulations or very rarely are they out there or at the right spot at the right time, almost never.	4/16/2025 8:00 PM
174	It's a larger area for water sports. I don't think making it a no wake zone is necessary and limits activities.	4/16/2025 7:54 PM
175	I think putting some gentle reminders to keep wakes in the middle of the lake would be enough to curb the wakes near the slips or houses.	4/16/2025 7:50 PM
176	Expanding the areas around the marinas is enough. Don't put a limit on when people can enjoy the water	4/16/2025 7:31 PM
177	None	4/16/2025 7:30 PM
178	It should be no wake. Also idiots from out of town constantly try to cross the bay in the center running aground.	4/16/2025 7:27 PM
179	Leave it how it is been this way for a long time no need for change because people don't want to rock on their boats people want to boat let them boat	4/16/2025 7:26 PM
180	We need a wider no-wake zone or much better enforcement. I wonder how many boat renters know what a no-wake zone is.	4/16/2025 7:19 PM
181	Let it be.	4/16/2025 7:04 PM
182	I believe temporarily no wake sounds if the river is a certain height other than that, this is absolutely ridiculous. There is no support that you have multiple injuries because of high speed bigger focus should be roundabout accidents four-way, accidents that occur because of makeshift walkways in downtown Saugatuck example no signage whatsoever that you have to stop at a painted white line crosswalk that's a bigger issue than a no wake zone!	4/16/2025 7:00 PM
183	No	4/16/2025 6:56 PM
184	According to state laws, once you determine a body of water no- wake, you cannot retract the law.	4/16/2025 6:54 PM
185	There has been damage to boats and docks do to Wales from boats. It is not always reported because if you don't have the MC numbers nothing can be done.	4/16/2025 6:39 PM
186	Enforce existing	4/16/2025 6:26 PM
187	None	4/16/2025 6:19 PM
188	Too much activity in lake for NO WAKE to be eliminated!!!	4/16/2025 6:17 PM
189	I look forward to a safer Kalamazoo Lake !	4/16/2025 6:15 PM

Kalamazoo Lake No-Wake Regulations

191	If you live near an airport, you expect to hear airplane noise, You live next to a railroad you expect to hear a railroad noise, if you live next to a lake, you expect to hear boat noise and have occasional waves	4/16/2025 5:59 PM
192	The current restrictions are appropriate in our opinion.	4/16/2025 5:52 PM
193	It takes a long time to get from Douglas to the Cove or big Lake. Having an unrestricted channel through the K Lake makes it shorter.	4/16/2025 5:44 PM
194	No	4/16/2025 5:43 PM
195	Current no wake zones are fine. No need to change them. People will complain no matter what you do.	4/16/2025 5:38 PM
196	I feel the no wake regulations are already very strictly enforced. I don't see number of passengers or drinking enforced nearly as much as no wake. Also think shallow parts of lake Kalamazoo should be clearly marked.	4/16/2025 5:30 PM
197	The lake is too shallow for unlimited removal of no wake	4/16/2025 5:23 PM
198	It's not good for the boat engines to Run at idle all the time	4/16/2025 5:23 PM
199	No	4/16/2025 5:21 PM
200	Whatever is done, provide adequate resources for enforcement	4/16/2025 5:16 PM
201	Safety is always number one so whatever can be done to improve it I'm all for.	4/16/2025 5:04 PM
202	It's no fun at idle speed. It currently takes 45 minutes to get to lake Michigan. It's terrible and it doesn't need to be this way. Please loosen up the current restrictions and definitely don't add more idle speed area. AND if you can't prove you own a boat, you shouldn't get a vote in the matter!!	4/16/2025 5:02 PM
203	See above	4/16/2025 4:58 PM
204	This looks like a grab by wealth individuals to limit access to the lake. I have had a sailboat on the lake for 15 years several of them on the floating docks at Tower. Individuals complaining about wake damage are likely new to boating and are lacking basic seamanship. They may need to take a course or two to learn how to properly dock and secure there vessels.	4/16/2025 4:58 PM
205	I feel bad for boaters being pushed out to the lake only for no wake but some day the consequences of not doing it could end up being extremely serious.	4/16/2025 4:52 PM
206	Leave as is for boats under 25 ft	4/16/2025 4:48 PM
207	Commercial fishing boat disregard no wake rules all the time. Just saying.	4/16/2025 4:43 PM

209	Like the idea of no-wake for all of the Kalamazoo River	4/16/2025 4:40 PM
210	Eliminate the no wake zones. Eliminate the Karen's. Fuck this town, it sold its soul.	4/16/2025 4:37 PM
211	Leave as it.	4/16/2025 4:37 PM
212	None	4/16/2025 4:36 PM
213	Kalamazoo Lake, with it's irregular and sometimes shallow depths, doesn't seem an appropriate lake for speed boat use (skiing, wake boarding, tubing, etc.). For a smallish cruising boat, it can be frightening not to know if they will stop or swerve suddenly while towing a person. Is there any way to direct recreational uses towards Silver Lake or Lake Michigan?	4/16/2025 4:34 PM
214	No	4/16/2025 4:34 PM
215	I think the current no wake areas are adequate. Maybe opening it up a bit closer to the blue star bridge when going back to the boat launch at Schultz. Quite a long section that seems unneeded	4/16/2025 4:33 PM
216	Very simple: Enforce the laws already in place	4/16/2025 4:32 PM
217	Our boat at Tower gets lots of waves from boats and it would be nice to stop this all together	4/16/2025 4:28 PM
218	Do not add restrictions	4/16/2025 4:27 PM

Kalamazoo Lake No-Wake Regulations

219	None	4/16/2025 4:24 PM
220	No	4/16/2025 4:24 PM
221	Same response as question #13.	4/16/2025 4:20 PM
222	None	4/16/2025 4:20 PM
223	The current regulations seem sufficient. The portions of Lake K that are already designated as "no wake" zones extend far enough to adequately protect the shorelines.	4/16/2025 4:18 PM
224	enforce current laws	4/16/2025 4:16 PM
225	Question 5 did not allow multiple answers. We are also kayakers and boats are often disrespectful as they create wakes & drive too close to kayaks.	4/16/2025 4:16 PM
226	The wake area helps speed up getting to the lake. Without that you will have people pushing the wake on the whole river	4/16/2025 4:13 PM
227	NO MORE! enough is enough	4/16/2025 4:07 PM
228	Better and more consistent enforcement is necessary regardless of decision.	4/16/2025 4:06 PM
229	Kal Lake is more of a harbor than a lake and should be managed like a harbor. That means no-wake throughout and increased mooring (mooring balls) to encourage transient boaters who will utilize local businesses during there travels.	4/16/2025 4:05 PM
230	The no-wake zone for Lake Kalamazoo is long overdue!	4/16/2025 4:01 PM
231	No	4/16/2025 3:59 PM
232	I am especially interested in no-wake regulations around marinas, including Saugatuck Yacht Club. The boats on the outside docks are regularly waked in a manner that's potentially damaging to the boat and certainly uncomfortable for anyone on the boats. And there's no reason passing boats need to go fast in that area.	4/16/2025 3:54 PM
233	If it isn't broken don't try to fix it.	4/16/2025 3:51 PM
234	Make it safer for sailors and kayakers	4/16/2025 3:51 PM
235	There should be further reductions in regulations. The current no-wake zones are overly burdensome for all boaters.	4/16/2025 3:51 PM
236	What affect would making this a no-wake lake have on aquatic plants? Overgrowth being a concern.	4/16/2025 3:50 PM
237	Overdue	4/16/2025 3:40 PM
238	Na	4/16/2025 3:36 PM
239	Na	4/16/2025 3:35 PM
240	No Wake at All Times!	4/16/2025 3:34 PM
241	Don't change them.	4/16/2025 3:33 PM
242	We transient in Saugatuck a few times a year. Even with the no wake zones today the lake gets rough and at times causes damage and issues to our boat when it is docked.	4/16/2025 3:29 PM
243	If a no wake zone is implemented or if there are restrictions to the hours for some recreational activities it will be important to publicize it adequately. Simply adding no wake signs and leaving it to boat owners to self police doesn't work well. There needs to be consistent monitoring by a body with authority in order for any regulation to be successful.	4/16/2025 3:29 PM
244	The lake should be no-wake--I have a planing powerboat and I would not care at all if this was all no wake. It would be so much more enjoyable if we could anchor or cruise the harbor and not have a 20' boat run right past with a huge wake.	4/16/2025 3:26 PM
245	Just as the rental business has exploded, the same inexperienced boaters, and new boaters since Covid are skiing tubing and running on plane in and out of navigable channel close to the Marina as if it's a obstacle course. Very dangerous and sending 3 to 4 foot waves through the Marina on a regular basis. I have been there for 20 years and have never seen it this bad.	4/16/2025 3:26 PM

Kalamazoo Lake No-Wake Regulations

246	Don't do it	4/16/2025 3:24 PM
247	Don't do it!	4/16/2025 3:19 PM
248	As a local resident and regular user of Kalamazoo Lake, I am writing in opposition to the proposed "No Wake Zone." My family and I greatly enjoy taking our children tubing and participating in other recreational boating activities in this area. It's one of the few accessible spots where families can safely enjoy watersports without needing to travel long distances or enter larger, rougher bodies of water. Adding a "No Wake Zone" would significantly limit the ability for families like ours to engage in these activities, which are not only a source of joy and bonding but also encourage outdoor recreation and responsible boating. We always prioritize safety and respect for other lake users, and we believe education and proper signage would be a more balanced approach than a blanket restriction. We ask that you consider the needs of families and recreational boaters who use the lake responsibly and ensure that Kalamazoo Lake remains a space where a variety of uses—tubing, fishing, kayaking, and more—can coexist. Thank you for the opportunity to provide input.	4/16/2025 3:11 PM
249	While I do see reason for some restriction, say for larger vessels. A wholesale wake restriction is absolutely unwarranted. Show me proof from the Sheriff or Coast Guard of any accidents or injuries that have happened on Kalamazoo Lake. I haven't heard of any...	4/16/2025 3:05 PM
250	Fine as is and sheriff/dnr officers are unnecessarily aggressive about enforcement to the point where it sometimes seems like harassment.	4/16/2025 3:02 PM
251	The wake caused by recreational boats is extreme for boats that are slipped in the lake.	4/16/2025 3:00 PM
252	Everything if good the way it is	4/16/2025 2:59 PM
253	Make the whole lake no wake for safety.	4/16/2025 2:53 PM
254	Please apply common sense and safety when making a decision. No one needs to go fast in what little open space there is and the wake negatively affects everyone with a boat.	4/16/2025 2:51 PM
255	Make it all no wake!!	4/16/2025 2:50 PM
256	No wake rules are overdue.	4/16/2025 2:46 PM
257	No.	4/16/2025 2:45 PM
258	No additional restriction's needed	4/16/2025 2:42 PM
259	No fun if you own a fast boat! But necessary because there are so many more people trying to enjoy the waterways. Safety first!	4/16/2025 2:33 PM
260	No	4/16/2025 2:26 PM
261	No wake should be observed in all areas that apply common sense.	4/16/2025 2:23 PM
262	Sooner the better	4/16/2025 2:22 PM
263	The Kalamazoo River can be very tricky to navigate, especially in the narrow areas (such as at the north end of Water Street or at the east entrance to the Cove) and even more so when water levels are low; the proliferation of rental boats (electric boats and pontoon boats in particular) has made boating increasingly hazardous over the past 5-6 years, especially when combined with large number of paddle boarders and kayakers on the river; most of those operating rental boats have no idea how to operate a boat safely, and particularly have no idea at what speed a boat generates wake that causes risk to others; way too many of the boats passing through the narrowest parts of the river such as the area that parallels Water Street, or pass close to the marinas, and near to Red Dock are operated in a manner that is very unsafe for those onboard docked boats and risks significant damage to those boats.	4/16/2025 2:22 PM
264	No	4/16/2025 2:19 PM
265	All no wake, huge supporter.	4/16/2025 2:14 PM
266	No	4/16/2025 2:01 PM
267	No.	4/16/2025 1:58 PM
268	I like the idea, I'd support it	4/16/2025 1:58 PM

Kalamazoo Lake No-Wake Regulations

269	No	4/16/2025 1:55 PM
270	Local law enforcement has made comments that enforcing a no wake on Kalamazoo Lake would be problematic and require additional resources. This is an absurd argument. If true then it would follow that we shouldn't have a no wake zone in the river or out the channel to Lake Michigan because they cannot enforce it 24/7/365. Simply having the no-wake in place on Kalamazoo Lake will eliminate the majority of the problems associated with excessive wake.	4/16/2025 1:53 PM
271	Boaters that cause damage to property should be liable for the repairs especially boaters in cruisers that take 75% of the wake zone to plane. Boaters who park in marinas should expect some waves from wind and weather so expecting flat water is not realistic. One hand for the boater, another for the boat. That should not be considered a safety issue.	4/16/2025 1:52 PM
272	We do not need this change. There is no documented issues and it will hurt tourism business.	4/16/2025 1:52 PM
273	I'm curious if we start with signage to better identify no wake areas, before making changes to it	4/16/2025 1:50 PM
274	More enforcement	4/16/2025 1:48 PM
275	Need to be strongly enforced	4/16/2025 1:45 PM
276	No	4/16/2025 1:41 PM
277	DREDGE THE LAKE!!!	4/16/2025 1:39 PM
278	Just for Silver lake. Wake boarding is hazardous to personal property	4/16/2025 1:35 PM
279	Unless experienced first hand many residents do not realize the impact that the constant wake has on the surrounding marinas and boats at anchor in the middle of Lake Kalamazoo. There are numerous lakes that are larger than Lake Kalamazoo that have been made slow no wake areas in the state.	4/16/2025 1:28 PM
280	Large wakes on any inland lake should be kept 200 feet from the shoreline. That gives enough area for dispersion of the wake and preserves the seawalls along river/lake shoreline.	4/16/2025 1:22 PM
281	Someone is going to get killed with the way it is now! It needs to be changed to no wake.	4/16/2025 1:21 PM
282	Boaters treat the boating lane in front of Tower Marine like it's a marked race track.	4/16/2025 1:17 PM
283	Yes, the entire area between the two bridges	4/16/2025 1:12 PM
284	Slow no wake charts posted at boat launches and at the city docks would be helpful.	4/16/2025 1:07 PM
285	More patrolling and enforcing by the sheriff boats. Warnings or citations for the boat rental businesses.	4/16/2025 12:59 PM
286	The lake area should allow recreational boating - tubing, skiing etc. Wake zones should only be permitted on the river where it's a tighter space.	4/16/2025 12:48 PM
287	The lake is not large enough to allow wakes. All of the lake from the causeway to Lake Michigan should be a no wake zone. Wakes damage boats moored at their slips. I own a 36' Tiara and I am a 20 yr. + boater.	4/16/2025 12:44 PM
288	No	4/16/2025 12:38 PM
289	No	4/16/2025 12:28 PM
290	If the marinas have issues with the wake, they should consider partnering with the cities to fund an additional marine patrol deputy or DNR officer to be in Kalamazoo Lake on a much more regular and permanent basis during the summer months. Additional enforcement at odd hours will certainly help with keeping rental boat operators and other boaters in compliance with the laws and wake zone buoys.	4/16/2025 12:27 PM
291	Slow down. Enforce laws.	4/16/2025 12:26 PM
292	I am for reducing the no wake regulations. Over the past years the no wake buoys have extended deeper into the Kalamazoo Lake and around Blue Star Bridge.	4/16/2025 12:20 PM
293	Please also consider damage to sea walls from wake, as this is also damage to local people's only protection from water damage. Changing to a no wake zone if the only option I see to keep locals property and persons safe.	4/16/2025 12:13 PM

Kalamazoo Lake No-Wake Regulations

294	Need more enforcement on the river north of the lake.	4/16/2025 12:12 PM
295	No wake should apply to all boats regardless of size or type.	4/16/2025 12:10 PM
296	Leave them alone.	4/16/2025 12:09 PM
297	See #13	4/16/2025 12:06 PM
298	It is fine the way it is	4/16/2025 12:06 PM
299	No-wake will benefit everyone and no-wake doesn't mean "no fun". I do not believe we have the man-power at this time to enforce these rules, however, let alone "driving a boat while intoxicated".	4/16/2025 12:02 PM
300	It's already not very well-marked where no wake start/stops (like in front of Sargeant; and there's confusion going under the bridge too). And if no wake is enacted only for certain boats or at certain times, it's just going to be more confusing, especially for those who don't boat here often. The fact of the matter is, weather (high winds/waves on Lake Michigan) and water levels (low, so getting back to Silver Lake isn't possible for most boats) usually determine whether people end up wanting to do rec activities on Kalamazoo Lake. Those things aren't in our control and will always be fluctuating. Kalamazoo Lake is way too small and currently too shallow in much of it to do any recreational powerboating in. I support the no-wake lake, and support it being all-or-nothing. It's bound to be confusing, otherwise.	4/16/2025 11:52 AM
301	Fishing boats on the east side of the bridge and east of the 196 bridge go fast the east side of the bridge	4/16/2025 11:46 AM
302	The existing wake regulations work fine. They are adequately enforced. This is a solution looking for a problem.	4/16/2025 11:41 AM
303	I try not to go boating on weekends or holidays the density makes the entire trip from Shultz park boat launch to Lake Michigan a slow putt, up to 40 minutes. No Wake! Kal Lake is small. If you want to drop anchor off the Red Dock and hear the band, it is no fun if the entire area is wake washed. For those of us with smaller craft, 18 feet and under, we need the River and Kal lake when the wave height starts passing the one foot or higher mark on the big lake.	4/16/2025 11:40 AM
304	No	4/16/2025 11:39 AM
305	They are disregarded coming out of Douglas into Lake Kalamazoo.	4/16/2025 11:36 AM
306	No	4/16/2025 11:33 AM
307	The sailing instructors at SYC need to use a wake for helping patrol the children sailing safely.	4/16/2025 11:24 AM
308	Continue to have no wake zones near the marinas but not the entire lake.	4/16/2025 11:21 AM
309	See #13	4/16/2025 11:17 AM
310	If you make Kzoo lake no wake, you'll drive more people up to Silver Lake which can't handle even the traffic of those that live on the lake. Granted, the water will be too low for many to get to Silver this year but when the level comes back up, it will cause issues.	4/16/2025 11:16 AM
311	It's already restricted enough. Takes forever to get to lake Mi between the river restrictions and existing restrictions on Kal lake. Leave it alone.	4/16/2025 11:13 AM
312	Leave them alone	4/16/2025 11:11 AM
313	I believe it is needed for safety. My boat was parked next to the only fuel dock on the lake and many times I witnessed large wakes pose a safety risk to the folks fueling boats. Damage has occurred on boats that is never reported.	4/16/2025 11:10 AM
314	Just don't like them. Boating is moving. It gets really hot out there. It takes forever to get through the channel.	4/16/2025 11:04 AM
315	See above.	4/16/2025 11:04 AM
316	I believe the population of boats, personal watercraft, and kayaks/paddleboards has increased in the last 5 years, posing potential risk and safety concerns. The low water levels, and unmarked "island effects" areas which are extremely shallow, add to the safety concerns for boats operating at speed vs. no wake speeds. This is a smart survey, and an issue which has been long neglected. Thank you!	4/16/2025 11:02 AM

Kalamazoo Lake No-Wake Regulations

317	further education on what defines a wake. As a boat owner, most have little to no understanding on what defines a wake.	4/16/2025 11:01 AM
318	NO CHANGES!!!!!!	4/16/2025 11:01 AM
319	We would love to see the stretch of river along Harbor Road in the Township designated as a no wake zone.	4/16/2025 10:59 AM
320	The entire lake should be a no wake zone at all hours	4/16/2025 10:58 AM
321	Increasing the area of no-wake and attempting to increase enforcement is a public safety issue as well as environmental i.e. damage to docks, moored boats and destruction of the shoreline.	4/16/2025 10:58 AM
322	We also paddle board there but survey would not let me check both. Boats are very unsafe around paddle boards and most do not slow down or stay the proper distance away.	4/16/2025 10:49 AM

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF NATURAL RESOURCES
LANSING

DANIEL EICHINGER
DIRECTOR

Procedures for Permanent Local Watercraft Control

Local units of government that believe that a special local watercraft control (LWC) is needed on waters subject to their jurisdiction shall follow the procedures established in [MCL 324.80110](#) through [324.80112](#). Those procedures are detailed below. Local Watercraft Control is state terminology. When a local unit of government adopts a LWC they may use the term ordinance. The local unit of government initiates the process by submitting a resolution to the Department of Natural Resources (DNR).

The DNR shall investigate the need for special regulations for the use of vessel and other contrivances on the waters of the state to assure compatibility of uses and to protect public safety. Submitting a resolution does not guarantee approval of a LWC.

- 1) When a local unit of government believes a regulation is needed for the use of vessels on waters within their jurisdiction, they may submit a resolution for a LWC to the DNR Law Enforcement Division (LED).
 - a) The resolution shall be approved by a majority of the governing body of the local unit of government following a public hearing on the resolution.
 - i) The hearing must be specific on the resolution and not part of their regular meetings.
 - b) The resolution and hearing minutes shall be submitted to the DNR LED.
- 2) Once the request and resolution are received, the DNR will initiate an investigation and inquiry as directed in [MCL 324.80110](#).
- 3) Upon completion of the investigation and inquiry, the DNR will prepare a preliminary report that includes the findings of the investigation and a preliminary recommendation as to whether special rules are needed for the body of water, and submit a copy of the preliminary report to the local unit of government.
- 4) The DNR will work with the local unit of government to schedule a public hearing in the vicinity of the body of water to gather public input.
 - a) The public hearing will be scheduled and advertised at least 10 days (typically 30 days) prior to the hearing.
 - b) The DNR shall provide notice of the public hearing made in a newspaper of general circulation in the area where the water body is located.
 - c) It is recommended the local unit of government provide notice of the public hearing through any and all media and advertising platforms they have available.
- 5) The DNR will facilitate the public hearing.
 - a) At the public hearing, interested persons shall be afforded an opportunity to present their views on the preliminary report and the need for special rules, either orally or in writing.
 - b) The DNR will accept written comments for 30 days after the date of the public hearing.

- 6) Within 90 days after the public hearing, if the DNR determines there is a need for a LWC, the DNR will propose a LWC to the local unit of government.
 - a) The proposed LWC becomes valid only after the following conditions are met.
 - i) The local unit of government adopts the LWC in its entirety at a public meeting.
 - A. The wording used in the local unit of government's ordinance shall be identical to the proposed LWC recommended by the DNR.
 - ii) The local unit of government notifies the DNR of the adoption.
 - A. Notification to the DNR shall include all the following:
 - 1) A copy of minutes from the public meeting showing the adoption.
 - 2) Proof of publication in a locally circulated newspaper. The proof of publication must show the date and the name of the newspaper.
 - A. The page directly from the newspaper, or
 - B. A photocopy of the page from the newspaper
 - b) The conditions in 6) a) must be completed within 60 days from the date the DNR submits the proposed LWC to the local unit of government.
 - i) If the local unit of government fails to notify the DNR within 60 days, the proposed LWC is considered disapproved.
 - 7) If the DNR determines there is not a need for a LWC, the DNR shall notify the local unit of government and provide the specific reasons for the denial.
 - a) The local unit of government may appeal to the Director of the DNR.
 - A. The Director shall make the final decision.
 - 8) Other responsibilities of the local unit of government.
 - a) The boundaries of the area described in the LWC shall be marked with signs and/or with buoys and maintained by the local unit of government.
 - i) The local unit of government is responsible for the purchase, placement, maintenance and removal of all signs and buoys.
 - ii) All buoys must be placed as provided in a permit [Application for Permit to Place Buoys/Beacons in Michigan Water {PR9203}](#) issued by the DNR and be in conformance with the [State Uniform Waterway Marking System](#).
 - iii) Buoys shall not be placed in a commercial shipping channel.
 - b) Any state, county or local law enforcement officer having jurisdiction over the controlled area can enforce the LWC or ordinance.
 - i) A LWC or ordinance is only enforceable when clearly and properly marked.
 - c) It is recommended the local unit of government post signs at any public launches, marinas and beaches educating boaters of the LWC or ordinance.
 - d) It is recommended the local unit of government post information on their website and social media platforms educating boaters of the LWC or ordinance.
 - 9) A LWC or ordinance can only be requested for waters within the jurisdictional boundaries of a local unit of government.

10) If a body of water is within multiple jurisdictions, each local unit of government shall follow this process to request a restriction within their jurisdiction.

11) Local units of government can email their requests to DNR-LED-RecSafety@michigan.gov or mail them to:

DNR-LED
P.O. Box 30031
Lansing, MI 48909
Attn: Boating Law Administrator

Submitting an application and resolution does not guarantee the approval of a LWC.

City Council Agenda Item Report

FROM: Scott Herbert – Public Works Superintendent

MEETING DATE: July 23, 2025

SUBJECT: Update – Streetlight Removal Request – Spear Street

DESCRIPTION:

Background:

At the May 12, 2025 City Council meeting, staff presented a request from residents at the east end of upper Spear Street to remove or deactivate a recently reactivated streetlight near the dead-end. After discussion, City Council directed the Department of Public Works to proceed with requesting deactivation of the light through Consumers Energy.

Following Council direction, the Public Works Superintendent submitted a formal deactivation request and has followed up with Consumers Energy multiple times.

Update from Consumers Energy:

Consumers Energy has notified the City of a change in available service options:

“As of April 4, 2025, and as approved by the Michigan Public Service Commission (MPSC), we no longer offer the temporary shutoff of a streetlight while continuing to bill at a reduced rate. This option was removed from our MPSC-approved rate schedule due to infrequent use. Unfortunately, I was unaware of this change at the time of our earlier discussions.”

Updated Options Moving Forward:

1. **Retain the light in its current, active state** – no action required.
2. **Request full removal of the streetlight** – Consumers Energy has provided a revised cost estimate of **\$500** for complete removal, to be paid by the City, and the current flat fee for streetlights will be reduced by an estimated \$11 per month.

Recommendation:

Staff seeks Council direction on how to proceed considering this new information. Should Council choose to proceed with full removal, staff recommends also pursuing previously discussed signage upgrades to maintain safety at the dead-end and nearby pedestrian easement.

BUDGET ACTION REQUIRED:

Estimated cost to remove the streetlight is \$500.
